Range Rover 4.2 Supercharged remap and pulley upgrade. One of our recent big projects was this Range Rover L322 4.2 Supercharged V8. Stock power is 395bhp and 413lb ft. We started by giving the vehicle a Terraclean, to remove all carbon build up in the engine. This alone improved pickup and responsiveness.

Complete Engines for 2004 Land Rover Range Rover - eBay

The engine range consists of a V6 engine, a couple of V8 engines and a turbo-diesel engine. As far as the Range Rover gasoline engines are concerned, supercharging technology provides the base for these engines. The standard 3.0-liter V6 engine delivers the whopping 340 horsepower. That's beefy, isn't it?

The Common Problems in Range Rover Engines and their ...

I've noticed that, along with myself, there seem to be a large number of Disco II owners doing engine rebuilds for the first time. The removal of the crankcase pulley bolt sans Land Rover-specific tool can stop the uninitiated in their tracks, so I wanted to highlight this solution and also say thanks to PT for posting it. It really does work.
