course, every Lucky Yahtzee launch!

He wants to remember. She needs to forget. . . . Memento meets Sharp Objects in a gripping psychological thriller from the New York Times bestselling author of *Something in the Water*. "Twisty . . . highly imaginative . . . deliciously provocative."--The Washington Post Who is Mr. Nobody? When a man is found on a British beach, drifting in and out of consciousness, with no identification and unable to speak, interest in him is sparked immediately. From the hospital staff who find themselves inexplicably drawn to him, to international medical experts who are baffled by him, to the national press who call him Mr. Nobody, everyone wants answers. Who is this man? And what happened to him? Some memories are best forgotten. Neuropsychiatrist Dr. Emma Lewis is asked to assess the patient in a small town deep in the English countryside. This is her field of expertise, this is the chance she's been waiting for, and this case could make her name known across the world. But therein lies the danger. Emma left this same town fourteen years ago and has taken great pains to cover all traces of her past since then. Places aren't haunted . . . people are. But now something--or someone--is calling her back. And the more time she spends with her patient, the more alarmed she becomes that he knows the one thing about her that nobody is supposed to know. Praise for Mr. Nobody "Riveting."--Entertainment Weekly "Even better than *Something in the Water*, Catherine Steadman's new novel, *Mr. Nobody*, is original, ingenious, and utterly gripping, with characters you'll really care about as they race toward the brilliantly unexpected ending."--JP Delaney, New York Times bestselling author of *The Girl Before*

Designed to be used with any beginning Chinese textbook. Characters are arranged by frequency of use.

Having this book in your pocket is like having a real marque expert by your side. Benefit from the author's years of Desmoquattro ownership experience, learn how to spot a bad bike quickly, and how to assess a promising one like a professional. Get the right bike at the right price!

Jesus 888 proves the point that faith and scholarship do not make good bedfellows. It is a controversial analysis of the history of early Christianity and as such, demonstrates the huge amount of information, often totally unknown by most people, which gives a completely different slant on the Bible story as most of us know it. The significance of the historical but largely unknown Gnostic Gospels and the reasons behind St. Paul's lack of knowledge of an earthly Jesus figure, make very uncomfortable reading for defenders of the traditional story behind Jesus the man. To say the content of the book is controversial would be an understatement. When we read about the early Christians who denied the Virgin Birth and the bodily resurrection of Christ and even denied the very existence of Jesus as flesh and blood, then you can imagine how the whole foundation of Christianity will be rocked as more people become aware of it. The subjects covered in this book are from real history; they are not inventions of fantasy. The conclusions are drawn from the textual evidence discussed and information taken from outside the pages of the New Testament. The Jesus of first century Palestine who was perceived by St. Paul in a vision on the road to Damascus was a very

different Jesus to the wonder worker created by the writers of the Gospels of Matthew, Mark, Luke and John. This book shows conclusively, that without a profound knowledge of ancient Egypt, Greece and Persia and the history of the mystical Jewish sect of the Essenes, it is impossible to understand the true origins of the mysteries surrounding the fledgling faith. Jesus 888 by Geoff Roberts will dispel the myths of Christianity and will appeal to fans of religious history and readers who enjoyed the uncovering of some long-held myths in The Da Vinci Code.
