Um professor de educação física busca refúgio em Garopaba, um pequeno balneário de Santa Catarina, após a morte do pai. O protagonista (cujo nome não se conhece) se afasta da relação conturbada com os outros membros da família e mergulha em um isolamento geográfico e psicológico. Ao mesmo tempo, ele empreende a busca pela verdade no caso da morte do avô, Gaudério, que teria sido assassinado décadas antes na mesma Garopaba, na época apenas uma vila de pescadores. Sempre acompanhado por Beta, cadela do falecido pai, o professor mergulha na investigação sobre o misterioso Gaudério, esquadrinhando as lacunas do pouco que lhe é revelado, a contragosto, pelos moradores mais antigos da cidade. Portador de uma condição neurológica congênita que o obriga a interagir com as outras pessoas de um modo peculiar, o professor estabelece relações com alguns moradores - uma garçonete e seu filho pequeno, os alunos da natação, um budista histriônico, a secretária de uma agência turística de passeios. Aos poucos, ele vai reunindo as peças que talvez lhe permitirão entender melhor a própria história. 'Barba Ensopada de Sangue' se propõe a resgatar e levar às últimas consequências temas e conflitos das obras anteriores do autor tais como - a construção da identidade e, nesse processo, as dificuldades que se enfrenta para entender e reconhecer os outros; a necessidade inconfessa de uma reparação talvez inviável; a busca pela unidade entre mente e corpo; o consolo afetivo que o contato com a natureza e os animais é capaz de proporcionar; os diversos tipos de violência que podem irromper em meio a uma existência domesticada.

## Acces PDF Barba Ensopada De Sangué Daniel Galera

From Brazil's most acclaimed young novelist, the mesmerizing story of how a troubled young man's restorative journey to the seaside becomes a violent struggle with his family's past —So why did they kill him? —I'm getting there. Patience, tchê. I wanted to give you the context. Because it's a good story, isn't it? A young man's father, close to death, reveals to his son the true story of his grandfather's death, or at least the truth as he knows it. The mean old gaucho was murdered by some fellow villagers in Garopaba, a sleepy town on the Atlantic now famous for its surfing and fishing. It was almost an execution, vigilante style. Or so the story goes. It is almost as if his father has given the young man a deathbed challenge. He has no strong ties to home, he is ready for a change, and he loves the seaside and is a great ocean swimmer, so he strikes out for Garopaba, without even being quite sure why. He finds an apartment by the water and builds a simple new life, taking his father's old dog as a companion. He swims in the sea every day, makes a few friends, enters into a relationship, begins to make inquiries. But information doesn't come easily. A rare neurological condition means that he doesn't recognize the faces of people he's met, leading frequently to awkwardness and occasionally to hostility. And the people who know about his grandfather seem fearful, even haunted. Life becomes complicated in Garopaba until it becomes downright dangerous. Steeped in a very special atmosphere, both languid and tense, and soaked in the sultry allure of south Brazil, Daniel Galera's masterfully spare and powerful prose unfolds a story of discovery that feels almost archetypal—a display of storytelling sorcery that builds with oceanic force and announces one of Brazil's greatest young writers to the English-speaking world. Look for Daniel's new book, *The Shape of Bones*.

"Three friends, Aurora, a scientist and researcher, Antero, an avant-garde artist turned publicist, and Emiliano, a journalist, once worked together on a digital fanzine that became worshiped all over Brazil. Now, nearly two decades later, the death of the fourth member of the group reconnects them. The novel explores lives trapped between unfulfilled promises and apocalyptic yearnings, capturing the generation that grew up in the midst of the beginning of the internet"--

Hermano wakes up at dawn for a trip to the Andes, to climb the Cerro Bonete, one of the planet's final mountains to be conquered - a planned feat of heroic bravado, or foolishness. But instead he finds himself driving back to his boyhood neighbourhood and to the clearing in the woods where he witnessed an act that has run like a scar through his life. Dragged by the undertow of memory, he replays his initiation into adulthood and recalls his volatile pack of boyhood friends. From one of Brazil's most dazzling writers, *The Shape of Bones* is an exhilarating story of mythic power.

O autor de Barba ensopada de sangue, vencedor do Prêmio São Paulo de Literatura, nos traz um livro marcante, que toma caminhos inesperados para narrar um mundo em rápida transformação. As três histórias deste volume vão do passado

recente ao futuro distante, e falam de expectativas e perdas, e de como reconstruir a vida a partir de nossos próprios erros. Daniel Galera expande as possibilidades da literatura nas três novelas reunidas neste livro. Em "O deus das avencas", que abre este volume, um casal se fecha em casa à espera do nascimento do primeiro filho, e mergulha numa incerteza crescente, tanto pelo destino deles quanto pelos rumos do país. Em "Tóquio", Galera abandona a narrativa mais realista ao retratar a vida de um homem solitário, obrigado a enfrentar o passado em um mundo que atravessou um desastre ambiental e tecnológico. E, por fim, em "Bugônia", ele dá um passo além ao recriar a história de uma comunidade pós-apocalíptica em simbiose com a natureza, que, pressionada pelas ameaças externas de um planeta devastado, precisa se transformar de forma radical. O deus das avencas é um livro especulativo e por vezes sombrio, mas extremamente humano.

Retratando com maestria a geração que cresceu nos anos 1990, chega o novo romance do premiado autor de Barba ensopada de sangue. Em meio a uma onda de calor devastadora e a uma greve de ônibus que paralisa a cidade, três amigos se reencontram em Porto Alegre. No final dos anos 1990, eles haviam incendiado a internet com o Orangotango, um fanzine digital que se tornou cultuado em todo o Brasil. Agora, quase duas décadas depois, a morte do quarto integrante do grupo vai reaproximar Aurora, cientista e pesquisadora vivendo uma pequena guerra acadêmica, Antero, artista de vanguarda convertido em publicitário, e Emiliano, jornalista que tem uma difícil tarefa pela frente. Captando com maestria a geração que cresceu em meio ao início da internet, Galera explora essas vidas acudadas entre promessas não cumpridas e anseios apocalípticos. Nas vozes de Aurora, Antero e Emiliano, Meia-noite e vinte é um retrato marcante de uma juventude que recebeu um mundo despedaçado e para quem o futuro pode não significar mais nada.

J. P. Cuenca is a surprising transnational voice in Brazilian literature whose central theme of cultural otherness urges his audience to rethink globalization in more carefully defined, more humanistic terms

Introducing a major new voice in Brazilian letters. Set among a Lebanese immigrant community in the Brazilian port of Manaus, *The Brothers* is the story of identical twins, Yaqub and Omar, whose mutual jealousy is offset only by their love for their mother. But it is Omar who is the object of Zana's Jocasta-like passion, while her husband, Halim, feels her slipping away from him, as their beautiful daughter, RGNia, makes a tragic claim on her brothers' affection. Vivid, exotic, and lushly atmospheric, *The Brothers* is the story of a family's disintegration, of a changing city and the culture clash between the native-born inhabitants and a new immigrant group, and of the future the next generation will make from the ruins.
