How have millions of American Christians come to measure spiritual progress in terms of their financial status and physical well-being? How has the movement variously called Word of Faith, Health and Wealth, Name It and Claim It, or simply prosperity gospel come to dominate much of our contemporary religious landscape? Kate Bowler's Blessed is the first book to fully explore the origins, unifying themes, and major figures of a burgeoning movement that now claims millions of followers in America. Bowler traces the roots of the prosperity gospel: from the touring mesmerists, metaphysical sages, pentecostal healers, business oracles, and princely prophets of the early 20th century; through mid-century positive thinkers like Norman Vincent Peale and revivalists like Oral Roberts and Kenneth Hagin; to today's hugely successful prosperity preachers. Bowler focuses on such contemporary figures as Creflo Dollar, pastor of Atlanta's 30,000-member World Changers Church International; Joel Osteen, known as "the smiling preacher," with a weekly audience of seven million; T. D. Jakes, named by Time magazine one of America's most influential new religious leaders; Joyce Meyer, evangelist and women's empowerment guru; and many others. At almost any moment, day or night, the American public can tune in to these preachers-on TV, radio, podcasts, and in their megachurches-to hear the message that God desires to bless them with wealth and health. Bowler offers an interpretive framework for scholars and general readers alike to understand the diverse expressions of Christian abundance as a cohesive movement bound by shared understandings and common goals.

Catherine Bowler's Blessed represents the first attempt to examine the twentieth-century American prosperity gospel movement as a whole, seeking to introduce readers to its major figures and features.

Everything changed that very moment. I was living the worst nightmare I could have ever imagined. Paralyzed with fear, I realized this was no accident. I knew our country was under attack. Minutes seemed like hours as we stood in front of the television. Not even thirty minutes after the South tower collapsed, I watched in disbelief as the North tower crashed to the ground, disappearing into a pile of dust. In an instant it was gone. But I knew that the God I serve was bigger than what I could see. Bigger than my circumstances. A God of miracles. I knew He could bring my husband home. But would He? I would soon realize that sometimes our stories don't end the way we think they should. Sometimes God has a different plan for our lives. SHELLY GENOVESE CALHOUN is a wife, a mother of two, and a former fashion model, and she has a story to tell. It is a story of God's perfect love, hope, and sovereign hands, which guided her through the worst tragedy on American soil.

What If You Could Change the World without Changing Your Daily Routine? When you've been transformed by God's love, you can't help but want others to experience the same grace and freedom. But how do you share it without scaring them away or offending them? For most Christians, "evangelism" is an intimidating word that suggests handing out tracts to strangers or doing other awkward things. But what if there was a more organic, more authentic way to share your faith with your friends, neighbors, and coworkers? Dave and Jon Ferguson have found five simple, straightforward practices that will allow any believer to do just that. And by consistently living them out, you can affect not just individual lives but your entire neighborhood and community—one person at a time.

For the millions of people who reside outside their native countries, Blessed Migrants shares God's strategy in reaching the changing world through teaching Abraham's four everlasting promises. Dr. Samuel Lee, founder of Jesus Christ Foundation Churches and an international outreach ministry, answers a personal calling to help migrants understand the important role they play in the kingdom of God and to encourage revivals in their hosting nations. By discussing the history of migrants through Biblical stories, he illustrates how today migrants can becomes an instrument of love and a blessing to others-literally transforming themselves into modern-day Abrahams, Josephs, Jacobs and Ruths. Dr. Lee also focuses on the biblical conditions that must be realized in order for current migrants to be blessed and how a Christian migrant can successfully interact with other cultures and host nations. Several migrant-exporting nations are described including the Philippines, Africa, and Korea. Abraham was a migrant and pioneer of faith who dutifully followed the Lord's command. The blessings he received from God still to this day remain inspiration for migrants who want to make a global impact through the Gospel of Jesus Christ.
