"Locked inside Dervish's study. Breath coming quickly, raggedly.
Trembling wildly. I still feel sick and dizzy, but maybe that's fear.
I force myself to breathe normally, evenly. When I'm in control, I

about to swallow him whole. He has cheated death, defeated demons, moved on with his life. But Grubbs is torn between the world of magic and his wolfen genes. Can he fight the beast inside or will he fall victim to his tainted blood?

The master of horror returns with another spine-tingling adventure in the fifth title of the Demonata....

When he begins experiencing alarming symptoms at the onset of the full moon, Grubbs Grady, who has so far escaped his family curse, fears that he is turning into a werewolf.

Kernel Fleck has always known he's weird. He sees lights. Strange, multi-colored patches of light swirling through the air. But it's not until a window opens into a demon world, with horrific consequences, that Kernel discovers his powers. As a Disciple, his mission is to hunt the viciously powerful Demonata, to the death...

The first novel in a chilling new series by Darren Shan, author of the New York Times bestselling Cirque Du Freak series, will keep readers turning page after horrifying page. Grubbs Grady has stiff red hair and is a little big for his age, which means he can get into R-rated

movies. He hates history and loves bacon, rats, and playing tricks on his squeamish older sister. When he opts out of a family weekend trip, he never guesses that he is about to take a terrifying journey into darkness. Hungry demons and howling werewolves haunt his waking nightmares... and threaten his life.

Lights. Camera. Slawter! Grubbs Grady and his half-brother Bill-E are thrilled to join their uncle Dervish as onset consultants for the newest movie by cult horror producer David A Hayms. Shot in a deserted town renamed Slawter, the demon-themed movie is to be Hayms's masterpiece. But as strange incidents disrupt the set, Grubbs begins to wonder whether more than filming is afoot.

The king of horror's demonic symphony in ten volumes, now available in omnibus editions - each containing two titles in the spine-chilling Demonata series.

I know it's ridiculous. Lights can't whisper. But I swear I heard a voice calling to me. It sounded like static to begin with, but then it came into focus, a single word repeated over and over. Softly, slyly, seductively, insisently. "Come..." The Disciples are being manipulated by beings older than time. Only Kernel Fleck knows that

something is wrong. But he is in the grip of a creature who cares nothing for the fate of humanity. Voices are calling to him from the darkness and he's powerless to resist. Kernel has already been to hell and back. Now he's about to go further... The horrifying adventures continue with the ninth book in the gory and chilling Demonata series.

As the mysterious Shadow builds an army of demons, Grubbs Grady and his team search desperately for answers. But when they follow up a new lead, it takes them to an old, unexpected foe - the Lambs. "We spot the werewolves as we skim the treetops. Mutated, vicious, hairy monstrosities, all fangs, claws and muscles. The beast within me tries to force its way to the surface, howling silently at its warped brethren. I've never rid myself of the wolf..."
