School goals are targets
that a student sets for a
semester, school year or as
a long term plan. These may
be developed as an
assignment or activity at
school. It is also possible
for students to develop
their own goals. The
following are illustrative
examples of a school goal.

Why is Goal Setting

Important for Students?

Research done by Moeller,
Theiler, and Wu (2012)

examined the relationship between goal setting and student achievement at the classroom level. This research examined a 5-year quasi-experimental study, which looked at goal setting and student achievement in the high school Spanish language classroom.
