The "brilliant, courageous" book (Washington Post) that inspired the Netflix documentary series The Family and reveals the secret influence of fundamentalism in American politics. The author of the runaway paperback bestseller The Family returns with a blistering investigation of the true influence of fundamentalism in American politics. Jeff Sharlet is the only journalist to report from inside the C Street House, the Fellowship residence known by its Washington, D.C., address. This luxury townhouse, recently the setting of notorious political scandal, is more crucially home to efforts to transform American democracy. After laying bare the Fellowship's

Online Library C Street The Fundamentalist Threat To American Democracy Jeff Sharlet

history in his runaway bestseller *The Family*, Sharlet now shows that past efforts of America's religious fundamentalists pale in comparison to their long-term ambitions today. In *C STREET* Sharlet reveals why culture wars endure and why they matter now--from the American-backed war on gays in Uganda to the battle for the soul of America's armed forces. Drawing on exclusive sources and explosive, newly disclosed documents, Sharlet exposes not the last gasp of old-time religion but the new front lines of American fundamentalism. .

A journalist's penetrating look at the untold story of christian fundamentalism's most elite organization, a self-described invisible network dedicated to a religion of power for the powerful They are the Family--fundamentalism's avant-garde, waging spiritual war in the halls of American power and around the globe. They consider themselves the new chosen--congressmen, generals, and foreign dictators who meet in confidential cells, to pray and plan for a "leadership led by God," to be won not by force but through "quiet diplomacy." Their base is a leafy estate overlooking the Potomac in Arlington, Virginia, and Jeff Sharlet is the only journalist to have reported from inside its walls. *The Family* is about the other half of American fundamentalist power--not its angry masses, but its sophisticated elites. Sharlet follows the story back to Abraham Vereide, an immigrant preacher who

Online Library C Street The Fundamentalist Threat To American Democracy Jeff Sharlet

in 1935 organized a small group of businessmen sympathetic to European fascism, fusing the far right with his own polite but authoritarian faith. From that core, Vereide built an international network of fundamentalists who spoke the language of establishment power, a "family" that thrives to this day. In public, they host Prayer Breakfasts; in private, they preach a gospel of "biblical capitalism," military might, and American empire. Citing Hitler, Lenin, and Mao as leadership models, the Family's current leader, Doug Coe, declares, "We work with power where we can, build new power where we can't." Sharlet's discoveries dramatically challenge conventional wisdom about American fundamentalism, revealing its crucial role in the unraveling of the New Deal, the waging of the cold war, and the no-holds-barred economics of globalization. The question Sharlet believes we must ask is not "What do fundamentalists want?" but "What have they already done?" Part history, part investigative journalism, *The Family* is a compelling account of how fundamentalism came to be interwoven with American power, a story that stretches from the religious revivals that have shaken this nation from its beginning to fundamentalism's new frontiers. No other book about the right has exposed the Family or revealed its far-reaching impact on democracy, and no future reckoning of American fundamentalism will be able to ignore it.

A visionary work of radical empathy. Known for immersion journalism that is more immersed than most people are willing to go, and for a prose style that is somehow both fierce and soulful, Jeff Sharlet dives deep into the darkness around us and awaiting us. This work began when his father had a heart attack; two years later, Jeff, still in his forties, had a heart attack of his own. In the grip of writerly self-doubt, Jeff turned to images, taking snapshots and posting them on Instagram, writing short, true stories that bloomed into documentary. During those two years, he spent a lot of time on the road: meeting strangers working night shifts as he drove through the mountains to see his father; exploring the life and death of Charley Keunang, a once-aspiring actor shot by the police on LA's Skid Row; documenting gay pride amidst the violent homophobia of Putin's Russia; passing time with homeless teen addicts in Dublin; and accompanying a lonely woman drifting into dementia, whose only friend was a houseplant, on shopping trips. Early readers have called this book "incantatory," the voice "prophetic," in "James Agee's tradition of looking at the reality of American lives." Defined by insomnia and late-night driving and the companionship of other darkness-dwellers—night bakers and last-call drinkers, frightened people and frightening people, the homeless and the lost (or merely disoriented), other people on the margins—This Brilliant Darkness erases the

Online Library C Street The Fundamentalist Threat To American Democracy Jeff Sharlet

boundaries between author, subject, and reader to ask: how do people live with suffering?

Collects ambivalent confessions, skeptical testimonies, and accounts of faith lost and found and lost again from Americans who have floundered in their search for an authentic spiritual life.

Paints a portrait of the American spiritual landscape by profiling religious radicals, realists and escapists from a congregation of urban anarchists to a youth evangelist in this linked narrative from the author of best-selling *The Family*. 15,000 first printing.

A NEW YORK TIMES NOTABLE BOOK It is 1901 and Buffalo, New York, stands at the center of the nation's attention as a place of immense wealth and sophistication. The massive hydroelectric power development at nearby Niagara Falls and the grand Pan-American Exposition promise to bring the Great Lakes "city of light" even more repute. Against this rich historical backdrop lives Louisa Barrett, the attractive, articulate headmistress of the Macaulay School for Girls. Protected by its powerful all-male board, "Miss Barrett" is treated as an equal by the men who control the life of the city. Lulled by her unique relationship with these titans of business, Louisa feels secure in her

Online Library C Street The Fundamentalist Threat To American Democracy Jeff Sharlet

position, until a mysterious death at the power plant triggers a sequence of events that forces her to return to a past she has struggled to conceal, and to question everything and everyone she holds dear. Both observer and participant, Louisa Barrett guides the reader through the culture and conflicts of a time and place where immigrant factory workers and nature conservationists protest violently against industrialists, where presidents broker politics, where wealthy "Negroes" fight for recognition and equality, and where women struggle to thrive in a system that allows them little freedom. Wrought with remarkable depth and intelligence, *City of Light* remains a work completely of its own era, and of ours as well. A stirring literary accomplishment, Lauren Belfer's first novel marks the debut of a fresh voice for the new millennium and heralds a major publishing event.

Presents the lives of poor African-American men who make their subsistence wages by selling used goods on the streets of Greenwich Village in New York; and discusses how they interact with passing pedestrians, police officers, and each other.

Lorimer encounters racial prejudice when she befriends a young African American boy.

A young journalist from the Midwest describes her sojourn in Iraq as the Baghdad Bureau Chief for the "Washington Post," detailing what it is like to cover a war under the constant threat of kidnapping, injury, and death.

Anger kills. We're speaking here not about the anger that drives people to shoot, stab, or otherwise wreak havoc on their fellow humans. We mean instead the everyday sort of anger, annoyance, and irritation that courses through the minds and bodies of many perfectly normal people. • If your immediate impulse when faced with everyday delays or frustrations—elevators that don't immediately arrive at your floor, slow-moving supermarket lines, dawdling drivers, rude teenagers, broken vending machines—is to blame somebody; • If this blaming quickly sparks your ire toward the offender; • If your ire often manifests itself in aggressive action; then, for you, getting angry is like taking a small dose of some slow-acting poison—arsenic, for example—every day of your life. And the result is often the same: Not tomorrow, perhaps, or even the day after, but sooner than most of us would wish, your hostility is more likely to harm your health than

Online Library C Street The Fundamentalist Threat To American Democracy Jeff Sharlet

will be the case for your friend whose personality is not tinged by the tendencies to cynicism, anger, and aggression just described. In *Anger Kills*, learn how to recognize the symptoms of chronic anger in yourself, avoid feelings of hostility, and deal with hostility from others.
