The LT 1050 by Cub Cadet is one of the company's few models for average homeowners that comes with a v-twin Kohler engine. Many of the more entry-level models come with a single cylinder engine that, while powerful, certainly won't compare favorably to the amount of power produced by this particular model.

[Cub Cadet LT1050 Parts - Shank's Lawn Cub Cadet](#)

The Cub Cadet LT1050 has a specific oil viscosity, or weight, that's allowed for use in its Kohler engine. Viscosity measures how fast oil will spread once it's heated up. Thinner oil heats up faster so it works well for cold temperature operation. Thicker oil is better for warm or hot temperature operation.

Kohler has been an innovator of small engine development since they released their first automatic power and light 1500-watt generator in 1920. Over the last near-century, Kohler Engine Parts have led the industry in improvements for twin-cylinder, automatic, and diesel compression engine technology.
