Abandoned at birth and threatened with a life in service, Defoe's young rebel sets her heart on independence. One fatal seduction and five husbands later, she resorts to a life of self-supporting crime.

My true name is so well known in the records or registers at Newgate, and in the Old Bailey, and there are some things of such consequence still depending there, relating to my particular conduct, that it is not to be expected I should set my name or the account of my family to this work; perhaps, after my death, it may be better known; at present it would not be proper, no not though a general pardon should be issued, even without exceptions and reserve of persons or crimes. It is enough to tell you, that as some of my worst comrades, who are out of the way of doing me harm (having gone out of the world by the

steps and the string, as I often expected to go), knew me by the name of Moll Flanders, so you may give me leave to speak of myself under that name till I dare own who I have been, as well as who I am. I have been told that in one of neighbour nations, whether it be in France or where else I know not, they have an order from the king, that when any criminal is condemned, either to die, or to the galleys, or to be transported, if they leave any children, as such are generally unprovided for, by the poverty or forfeiture of their parents, so they are immediately taken into the care of the Government, and put into a hospital called the House of Orphans, where they are bred up, clothed, fed, taught, and when fit to go out, are placed out to trades or to services, so as to be well able to provide for themselves by an honest, industrious behaviour. Had this been the custom in our country, I had not been left a poor desolate girl without friends, without clothes, without help or helper in the world, as was my fate; and by which I was not only exposed to very great distresses, even before I was capable either of understanding my case or how to amend it, but brought into a course of life which was not only scandalous in itself, but which in its ordinary course tended to the swift destruction both of soul and body. But the case was otherwise here. My mother was convicted of felony for a certain petty theft scarce worth naming, viz. having an opportunity of borrowing three pieces of fine holland of a certain draper in Cheapside. The circumstances are too long to repeat, and I have heard them related so many ways, that I can scarce be certain which is the right account.

The story of a woman who is born in poverty and later becomes, in turn, a prostitute, thief, wife, and finally, rich penitent

Tor Classics are affordably-priced editions designed to attract the young reader. Original dynamic cover art enthusiastically represents the excitement of each story. Appropriate "reader friendly" type sizes have been chosen for each title—offering clear, accurate, and readable text. All editions are complete and unabridged, and feature Introductions and Afterwords. This edition of Moll Flanders includes a Foreword, Biographical Note, and Afterword by Nancy Springer. The conditions of Moll Flanders' birth could not have been more depressing. Her mother was a petty thief who was caught and sent to the notorious Newgate prison in London. It was in that prison that Moll was born. Deemed an orphan, Moll was later sent to apprentice as a servant with a respectable family. Moll has designs on a life better than serving others. But as she discovers, independence and fortune are not easy to come by. A string of dreadful misfortunes—including five luckless marriages—force Moll into the streets, where her only means of support is a life of crime. But Moll refuses to give up: she will succeed! Moll Flanders is a triumphant portrait of a strong-willed woman determined to make her own way in eighteenth-century England. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Born in Newgate prison and abandoned six months later, Moll's drive to find and hold on to a secure place in society propels her through incest, adultery, bigamy, prostitution and a resourceful career as a thief ('the greatest Artist of my time') before she is apprehended and returned to Newgate. If Moll Flanders is on one level a Puritan's tale of sin and repentance, through self-made, self-reliant Moll its rich subtext conveys all the paradoxes and amoralities of the struggle for property and power in Defoe's newly individualistic society.

Defoe's Robinson Crusoe (1719) and Moll Flanders (1721) together defined a new way of writing fiction in the eighteenth century. Each was highly controversial in Defoe's time, and each has generated a very large amount of criticism since. This Guide examines the major trends and movements in critical interpretation of these two popular and widely-studied novels, from the earliest reception history to the present day. The thematic and chronological organization of material points out similarities and differences between the two books, and maps Defoe studies onto some of the obvious lines of development that criticism in general has taken over the last century in particular, including feminist, ideological and postcolonial perspectives. The volume also features a section on adaptations of the novels in film and other media.

Le roman narre les aventures de George, Harris, Jérôme et le chien Montmorency, entreprenant un voyage sur la Tamise. Le livre est parsemé d'anecdotes comiques, mais aussi de réflexions philosophiques sur l'existence, les illusions que nous entretenons volontiers sur le monde et sur nous-mêmes, et la nécessité de ne pas trop charger de luxe la barque de sa vie². Malgré les réticences des critiques littéraires qui reprochent à l'auteur un style considéré comme trop populaire, l'ouvrage connaît un grand succès. Pour satisfaire à la demande, des copies piratées seront même vendues aux États-Unis³. Bien que l'œuvre ait pour but de faire découvrir de façon plaisante l'histoire de la Tamise, ce sont les anecdotes comiques qui en font le succès et qui rendent le livre toujours populaire de nos jours.

The Fortunes and Misfortunes of the Famous Moll Flanders (commonly known simply as Moll Flanders) is a novel by Daniel Defoe, first published in 1722. It purports to be the true account of the life of the eponymous Moll, detailing her exploits from birth until old age. By 1721, Defoe had become a recognised novelist, with the success of Robinson Crusoe in 1719. His political work was tapering off at this point, due to the fall of both Whig and Tory party leaders with whom he had been associated; Robert Walpole was beginning his rise, and Defoe was never fully at home with the Walpole group.

A comprehensive study guide offering in-depth explanation, essay, and test prep for Daniel Defoe's Moll Flanders, an autobiographical novel of a scandalous, thieving woman. As a novel set in the early 1600s, Moll suffers a life of misfortune after her mother is sentenced to death, and her first husband dies. Moreover, she makes a way for herself and her children through lies and deceit as Defoe portrays an unconventional life in the 1600s for an unusual woman. This Bright Notes Study Guide explores the context and history of Defoe's classic work, helping students to thoroughly explore the reasons it has stood the literary test of time. Each Bright Notes Study Guide contains: - Introductions to the Author and the Work - Character Summaries - Plot Guides - Section and Chapter Overviews - Test Essay and Study Q&As The Bright Notes Study Guide series offers an in-depth tour of more than 275 classic works of literature, exploring characters, critical commentary, historical background, plots, and themes. This set of study guides encourages readers to dig deeper in their understanding by including essay questions and answers as well as topics for further research.

Moll Flanders, by Daniel Defoe, is part of the Barnes & Noble Classics series, which offers quality editions at affordable prices to the student and the general reader, including new scholarship, thoughtful design, and pages of carefully crafted extras. Here are some of the remarkable features of Barnes & Noble Classics: New introductions commissioned from today's top writers and scholars Biographies of the authors Chronologies of contemporary historical, biographical, and cultural events Footnotes and endnotes Selective discussions of imitations, parodies, poems, books, plays, paintings, operas, statuary, and films inspired by the work Comments by other famous authors Study questions to challenge the reader's viewpoints and expectations Bibliographies for further reading Indices & Glossaries, when appropriate

All editions are beautifully designed and are printed to superior specifications; some include illustrations of historical interest. Barnes & Noble Classics pulls together a constellation of influences--biographical, historical, and literary--to enrich each reader's understanding of these enduring works. One of the most determined, energetic, and lusty heroines in all of English literature, Daniel Defoe's Moll Flanders will do anything to avoid poverty. Born in Newgate Prison, she was for twelve years a whore, five times a wife (once to her own brother), twelve years a thief, and eight years a transported felon in Virginia before finally escaping from the life of immorality and wickedness imposed on her by society. She is as much a survivor, and just as resourceful, as Defoe's other great literary creation, Robinson Crusoe. Celebrated as "a masterpiece of characterization" by E. M. Forster, Moll Flanders is both a cunning examination of social morés and a hugely entertaining story filled with scandalous sexual and criminal adventures. In Moll, Defoe created a character of limitless interest, in spite of her unconcealed ethical shortcomings. Taking Moll through the echelons of eighteenth-century English society, Defoe seldom moralizes as he champions the personal qualities of self-reliance, perseverance, and hard work--even when it takes the form of crime. Michael Seidel is a Jesse and George Siegel Professor in the Humanities at Columbia University. He has written widely on eighteenth-century literature, especially on satire and on the early novel.
