CHIRICAHUA, Arizona, u erster S dwesten der Vereinigten Staaten, 1869. Ein Krieger der Apachen ... und eine wei e Frau ... Ihre V lker hassen sich, doch zwischen ihnen entsteht ein Band, das schon bald mehr als reine Freundschaft ist ... Eine fast unm gliche Verbindung, umso mehr, als bald offene K mpfe ausbrechen. Es herrscht ein erbitterter Krieg im Land der Apachen, Rot gegen Wei ... Kann die Liebe zweier Menschen st rker sein? Ein historischer Roman f r Leser ab 16 Jahre

When it acquired New Mexico and Arizona, the United States inherited the territory of a people who had been a thorn in side of Mexico since 1821 and Spain before that. Known collectively as Apaches, these Indians lived in diverse, widely scattered groups with many names—Mescaleros, Chiricahuas, and Jicarillas, to name but three. Much has been written about them and their leaders, such as Geronimo, Juh, Nana, Victorio, and Mangas Coloradas, but no one wrote extensively about the greatest leader of them all: Cochise. Now, however, Edwin R. Sweeney has remedied this deficiency with his definitive biography. Cochise, a Chiricahua, was said to be the most resourceful, most brutal, most feared Apache. He and his warriors raided in both Mexico and the United States, crossing the border both ways to obtain sanctuary after raids for cattle,

horses, and other livestock. Once only he was captured and imprisoned; on the day he was freed he vowed never to be taken again. From that day he gave no quarter and asked none. Always at the head of his warriors in battle, he led a charmed life, being wounded several times but always surviving. In 1861, when his brother was executed by Americans at Apache Pass, Cochise declared war. He fought relentlessly for a decade, and then only in the face of overwhelming military superiority did he agree to a peace and accept the reservation. Nevertheless, even though he was blamed for virtually every subsequent Apache depredation in Arizona and New Mexico, he faithfully kept that peace until his death in 1874. Sweeney has traced Cochise ' s activities in exhaustive detail in both United States and Mexican Archives. We are not likely to learn more about Cochise than he has given us. His biography will stand as the major source for all that is yet to be written on Cochise.

Chiricahua Apache Women and Children focuses on the duties and experiences of historical Chiricahua Apache women and the significant influences they have exerted within the family and the tribe at large.

“ We are dealing here with a living literature, ” wrote Morris Edward Opler in his preface to *Myths and Tales of the Chiricahua Apache Indians*. First published in 1942, this is another classic study by the author of *Myths and Tales of the Jicarilla Apache Indians*. Opler conducted field work among the Chiricahuas in the American Southwest, as he had earlier among the Jicarillas. The result is a definitive collection of their myths. They range from an account of the world destroyed by water to descriptions of puberty rites and wonderful contests. The exploits of culture heroes involve the slaying of monsters and the assistance of Coyote. A large part of the book is devoted to the irrepressible Coyote, whose antics make cautionary tales for the young,

tales that also allow harmless expression of the taboo. Other striking stories present supernatural beings and “ foolish people. ”

A gripping story of the cultural resilience of the descendants of Geronimo and Cochise. This book reveals the conflicting meanings of power held by the federal government and the Chiricahua Apaches throughout their history of interaction. When Geronimo and Naiche, son of Cochise, surrendered in 1886, their wartime exploits came to an end, but their real battle for survival was only beginning. Throughout their captivity in Florida, Alabama, and Oklahoma, Naiche kept alive Chiricahua spiritual power by embodying it in his beautiful hide paintings of the Girl ' s Puberty Ceremony—a ritual at the very heart of tribal cultural life and spiritual strength. This narrative is a tribute to the Chiricahua people, who survive today, despite military efforts to annihilate them, government efforts to subjugate them, and social efforts to destroy their language and culture. Although federal policy makers brought to bear all the power at their command, they failed to eradicate Chiricahua spirit and identity nor to convince them that their lower status was just part of the natural social order. Naiche, along with many other Chiricahuas, believed in another kind of power. Although not known to have Power of his own in the Apache sense, Naiche ' s paintings show that he believed in a vital source of spiritual strength. In a very real sense, his paintings were visual prayers for the continuation of the Chiricahua people. Accessible to individuals for many purposes, Power helped the Chiricahuas survive throughout their history. In this book, Griffin-Pierce explores Naiche ' s artwork through the lens of current anthropological theory on power, hegemony, resistance, and subordination. As she retraces the Chiricahua odyssey during 27 years of incarceration and exile by visiting their internment sites, she reveals how the Power was with them throughout their dark period. As it was when the Chiricahua warriors and their families struggled to stay alive, Power remains the centering focus for contemporary

Chiricahua Apaches. Although never allowed to return to their beloved homeland, not only are the Chiricahua Apaches surviving today, they are keeping their traditions alive and their culture strong and vital.

The first full-length life of the Apache warrior-leader, Mangas Coloradas, describes his outstanding qualities, the Apache culture in which he rose to power, and the battles against white and Mexican settlements in New Mexico that made him widely feared. UP.

In the decade after the death of their revered chief Cochise in 1874, the Chiricahua Apaches struggled to survive as a people and their relations with the U.S. government further deteriorated. In *From Cochise to Geronimo*, Edwin R. Sweeney builds on his previous biographies of Chiricahua leaders Cochise and Mangas Coloradas to offer a definitive history of the turbulent period between Cochise's death and Geronimo's surrender in 1886. Sweeney shows that the cataclysmic events of the 1870s and 1880s stemmed in part from seeds of distrust sown by the American military in 1861 and 1863. In 1876 and 1877, the U.S. government proposed moving the Chiricahuas from their ancestral homelands in New Mexico and Arizona to the San Carlos Reservation. Some made the move, but most refused to go or soon fled the reviled new reservation, viewing the government's concentration policy as continued U.S. perfidy. Bands under the leadership of Victorio and Geronimo went south into the Sierra Madre of Mexico, a redoubt from which they conducted bloody raids on American soil. Sweeney draws on American and Mexican archives, some only recently opened, to offer a balanced account of life on and off the reservation in the 1870s and 1880s. *From Cochise to Geronimo* details the Chiricahuas' ordeal in maintaining their identity despite forced relocations, disease epidemics, sustained warfare, and confinement. Resigned to accommodation with Americans but intent on preserving their culture, they were determined to survive as a people.

In a powerful evocation of the spirit and drama of the American West, the harrowing story of the feud that ignited the Apache Wars. In February 1861, the twelve-year-old son of Arizona rancher John Ward was kidnapped by Apaches. Ward followed their trail and reported the incident to patrols at Fort Buchanan, blaming a band of Chiricahuas led by the infamous warrior Cochise. Though Ward had no proof that Cochise had kidnapped his son, Lt. George Bascom organized a patrol and met with the Apache leader, who, not suspecting anything was amiss, had brought along his wife, his brother, and two sons. Despite Cochise's assertions that he had not taken the boy and his offer to help in the search, Bascom immediately took Cochise's family hostage and demanded the return of the boy. An incensed Cochise escaped the meeting tent amidst flying bullets and vowed revenge. What followed that precipitous encounter would ignite a Southwestern frontier war between the Chiricahuas and the US Army that would last twenty-five years. In the days following the initial melee, innocent passersby—Apache, white, and Mexican—would be taken as hostages on both sides, and almost all of them would be brutally slaughtered. Cochise would lead his people valiantly for ten years of the decades-long war. Thousands of lives would be lost, the economies of Arizona and New Mexico would be devastated, and in the end, the Chiricahua way of life would essentially cease to exist. In a gripping narrative that often reads like an old-fashioned Western novel, Terry Mort explores the collision of these two radically different cultures in a masterful account of one of the bloodiest conflicts in our frontier history.

Tyler Whitlock wusste, dass Scott Wilburn und einige Kumpane auf dem Weg nach Süden waren, um ihn zu suchen und ihm eine blutige Rechnung zu präsentieren. Seinen Auftrag, Victorio zu finden und ihn zur Aufgabe zu bewegen, sah er als gescheitert an. Er befand sich in El Paso. Hier wollte er die Banditen erwarten

Read Free Das Blut Der Apachen Chiricahua

und die Angelegenheit ein für allemal klären. Die Kerle waren höllisch gefährlich. Whitlock gab sich keinen Illusionen hin. Scott Wilburn war tödlicher als ein Klapperschlangenbiss. Whitlock wusste aber, dass er keine Ruhe finden würde, solange Wilburn in der Lage war, auf seiner Fährte zu reiten. Darum wollte er sich in El Paso der Rache und dem Hass des Burschen stellen. Tyler Whitlock saß im Saloon und legte eine Patience. Es gab außer ihm einige weitere Gäste. Leises Raunen und Flüstern erfüllte die Atmosphäre. Tabakrauch zog zur Tür. Es roch nach verschüttetem Bier. Seit vier Tagen befand sich der Lieutenant nun in der großen Stadt. Seit er wusste, dass Wilburn und sein Anhang auf seiner Fährte ritten, beobachtete er Tag für Tag die Hauptstraße. Er hatte sich vorgenommen, den Banditen sofort gegenüberzutreten, sobald sie in der Stadt ankamen. Cover: STEVE MAYER
