This was a super sweet, cute, summer/spring time read, with a mystery sub-plot that, even though it was pretty obvious, really pulls you into the story and makes it hard to put this book down.

Twenty-year-old Clementine Avery doesn't mind being called bitchy and closed off. It's safe, and after being burned by her high school sweetheart and stalked by a professor her freshman year of college, safe sounds pretty damn good. Her number one rule for survival? No dating. That is until she accidentally signs up for a romance writing class and needs material for her latest assignment. Sexy RA Gavin Murphy is more than happy to play the part of book boyfriend to help Clem find some inspiration, even if that means making out...in the name of research, of course. As Gavin and Clem grow closer, they get entangled in the mystery surrounding a missing Boston University student, and Clem unwittingly becomes a possible target. Gavin tries to show Clem she can handle falling in love again, but she knows she has to be careful because her heart's at stake...and maybe even her life.

What's the worst thing about wanting a sexy NFL football player? Everyone else wants him, too. After catching my boyfriend getting deep-throated by a skanky cage girl, I've learned my lesson – never date a professional athlete. Never. Besides, I have more important things to worry about, like not blowing my shot to make it as a broadcast reporter. I won't let anything get in my way, not even the new "it boy" of the NFL and my hot-as-hell neighbor. What's the worst thing about getting death glares from his new neighbor? It doesn't make him want her any less. I've worked my ass off to make it to the pros. The last thing I need is the complication of a relationship, especially since my last one was a total train wreck. But I can't stop thinking about the feisty girl next door with the smart mouth. And I'd love nothing more than to show her what to do with that mouth. Friends with benefits might be the best idea he's ever had. Or the worst. KISSING MADELINE, the third book in The Dearest Series, can be read a standalone novel. This new adult romance is recommended for readers 18+ due to mature content. There's a fine line between lust and hate. I don't care that Drew Merritt spent the last year transforming himself from grungy slob to sexy playboy. With messy, dirty blond hair and gorgeous eyes, his looks aren't the problem. His mouth is.

And the stupid things that come out of it. But after an emergency strands us together, and he does his damndest to take care of me... Let's just say there's one thing we don't clash on. And it doesn't involve talking. I've despised Drew since I met him years ago. One weekend can't change us that much, can it? Spoiler alert: It doesn't. Except he left me a little keepsake. And in nine months, I'll have a surprise for Portland's most notorious player.

The boy next door has always made her breathless. Joey... I wouldn't say I ran away exactly—twenty-two is too old for that. I'd call it self-preservation. I have one objective: protect my heart from the boy next door who has no clue I've loved him my whole life, even with a front row seat to his revolving bedroom door. My escape plan almost worked. Except I left one thing behind. Logan Carter hijacked my heart, and now it's time to get it back. This time for good. Logan... I wouldn't say I've been lying this whole time—not about everything. Not about how much I miss my best friend, and definitely not about how pissed I am that she left with hardly a goodbye. She's the last person I ever expected to ghost me, and her absence left a gaping hole in my chest. When Joey Grayson steps off that bus, I know I'll do anything to keep her home, and that means finding out the truth. But I'm not sure how to tell her my truths when I'm living so many lies. Breathless is a standalone companion novel to the USA Today bestsellers Shameless and Reckless. Each book features a different couple.

*** A USA TODAY BESTSELLER *** Tori... For the record, I'm not going to hook up with my boss. I'm a lot of things—a screwup, a basket case, a flunky. But when I take a nanny job to be near my pregnant sister, I swear to myself I'll walk the straight and narrow, which means I cannot fall for my insanely hot boss. I don't want to be tempted by that rugged rancher. By his chiseled muscles or southern charm or the way he snuggles his kids at bedtime. Ethan Carter won't get the key to my heart, no matter how much I want him. Ethan... Between us, she's the last thing I need as I finalize my hellish divorce. What sane man trying to rebuild his life wants a hot nanny with long, sexy hair, curves for miles, and a smart mouth? A perfectly kissable, pouty mouth that I shouldn't notice. My focus is on my kids and my ranch, not the insufferable siren who sleeps in the room next to mine. It doesn't matter that she wins over my kids in a heartbeat or runs my life better than I do. Tori Duran is the one woman I can't have and shouldn't want, no matter how much I crave her.

Brady... What the hell do I know about raising a baby? Nothing. Not a goddamn thing. Yet here I am, the sole guardian of my niece. I'd be lost if it weren't for Katherine, the beautiful girl who seems to have all the answers. Katherine, who's slowly finding her way into my cynical heart. I keep reminding myself that I can't fall for someone when we don't have a future. But telling myself this lie and believing it are two different things. Katherine... When Brady shows up on a Harley, looking like an avenging angel—six feet, three inches of chiseled muscle, eyes the color of wild sage, and sun-kissed skin emblazoned with tattoos—I'm not sure if I should fall at his feet or run like hell. Because if I tell him what happened the night his family died, he might hate me. What I don't count on are the nights we spend together trying to forget the heartache that brought us here. I promise him it won't mean anything, that I won't fall in love. I shouldn't make promises I can't keep.

Temptation has never come in a hotter package. You know how people say you can never believe what you read on the interwebs? That a hot guy online is probably a creeper with a beer gut and a shoe fetish, not the sexy beast he pretends to be? So I had no clue that the anonymous blogger who contacted my law firm about his naughty website would be droolworthy in real life. Not that I'm interested in him in that way. Attorneys can't go around sleeping with their clients. Not even if he is the most beautiful man I've ever met and so ridiculously smart he makes my nerdy-girl heart sigh. Besides, he has too much on the line to risk taking a chance on the insane chemistry building between us. We both do. I've always followed the rules. Too bad he makes me want to break each and every one of them.

What's the worst thing about wanting a sexy NFL football player? Everyone else wants him, too. After catching my boyfriend getting deep-throated by a skanky cage girl, I've learned my lesson - never date a professional athlete. Never.
