emphasis on the now classic 600 and Nuova 500 cars, this book tells the full story of these 'baby' Fiats. Built, and exported to, many countries outside of the marque's native Italy, over 6.5 million Topolinos, 600s and Nuova 500s were sold, and an amazing number survive to this today. Also covered are the wonderful models built on these cars' tiny chassis by Italy's leading coachbuilders, and the motorsport success achieved by the Abarth versions of the little cars that everybody loves.

Owners are given instructions for handling home repair and maintenance work on the major systems of Fiats produced between 1969 and 1981

Now available in this softbound edition. The complete story of the elegant Boano-designed Coupe, timeless Pininfarina-styled Spider, and Abarths hard-charging 124 Spider-based rally car. Follow the evolution of the 124 from drawing board to the end of production. All the background you need to purchase, restore and maintain any of the Spiders built from 1966-1985. Filled with history, production, evolution and motorsport data. Foreword by Dante Giacosa.

This is the only book that completely lists accurate technical data for all cars imported into the U.S. market from 1946-2000. With many
