Larry Brown's Father and Son is what falls into the categorization of Southern Lit, and more specifically, Grit Lit. Not all Southern Lit is Grit Lit. The former would be like Flannery O'Connor, who wrote about the grittiness of life and real issues occurring, especially in the Deep South, but it wasn't violent (or if there was violence, it served a greater purpose in the story).

Larry Brown is the master of the raw and the sparse and of bringing Mississippi to the world in a language that is as stripped down and bare as Faulkner's is dense. Brown is at his best when he writes of the tensions between one screwed-up man and another, in this case a father and son. One has just been let out of prison, and he shouldn't have been.

FATHER AND SON. by Larry Brown ? RELEASE DATE: Sept. 20, 1996. From a small rural southern world of guns and hounds and whiskey, Mississippi writer Brown (Joe, 1991, etc.) fashions a redneck tragedy of timeless dimensions—a novel in which fate drives the plot to its necessarily bloody denouement. A portrait of true evil is at the heart of this sad tale of betrayal and revenge, with its almost casual allusions to fratricide, parricide, and incest.
