Expert ship surveyor Don Butler shares a lifetime's ship repair costing experience in this unique resource for accurate cost estimation and planning Includes hard to come by information on typical ship repair labor expectations for accurate man-hour forecasting and cost estimation Produced for marine engineers and marine industry professionals to aid with repair specification and negotiation, helping you to plan work and budgets more reliably Uses man-hours as opposed to particular rates or currencies, providing a long-term model for pricing regardless of location, rate fluctuation or inflation Bringing together otherwise scattered details on specific repair and dry-docking activities, this invaluable guide will save you time and improve the accuracy of your ship repair estimates. Don't plan or commission work without it! Don Butler is a fellow of the Institute of Marine Engineers and a member of Society of Consulting Marine Engineers and Ship Surveyors, UK. Made up of very hard to come by information on typical ship repair labor expectations for accurate man-hour forecasting and cost estimation Produced for marine engineers and marine industry professionals to save time, aid in repair negotiation and help companies to plan more reliably Man-hour listings assist in long-term pricing, meaning the book content remains valid regardless of currency, rate fluctuation or inflation

A stunning visual guide to the history and development of all types of guitars, packed with detailed information and profiling everything from the legendary Martin flat-tops to Gibson's arch-tops guitars and Fender's twelve-string electrics. The Ultimate Guitar Sourcebook is divided by type into nine chapters, each telling the full story of a major type of guitar. It is sub-divided geographically so the reader gets a global picture of guitar making from the United States to the Far East and from Europe to Australia. The introduction examines the development of the world's most popular instrument over the years.

(Book). This indispensable handbook helps players of all levels produce better, more creative, and more varied bass lines. Divided into two sections Playing Your Bass and Knowing Your Bass it covers everything from tuning, reading music, scales and chords, and advanced techniques to tips on buying and upgrading a budget bass and troubleshooting. Along with a list of suggested listening and a reference guide, this book provides an unrivaled digest of bass information that might otherwise take an entire career to amass.

THE TUBE AMP BOOK WITH AUDIO ONLINE ERRATA SHEET ADDED.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world.
