To Snare a Bride . . . To Gabriel Devine, Duke of Wolverest, the bonds of marriage are nothing more than shackles. But if he's to remain a lifelong bachelor, that leaves only his younger brother to carry on the family name. Inviting the ton's most eligible ladies to an elegant ball, Gabriel is certain any one of them would be all too eager to become the next duchess and provide an heir—leaving Gabriel to continue his ecstatic pursuit of pleasure. To Catch a Rogue . . . Her social-climbing stepmother would give anything to have Madelyn Haywood betrothed to a future duke. But Madelyn believes the brothers Devine to be nothing more than heartless rogues—especially Gabriel, whose rakish reputation precedes him. He is nothing more than a slave to passion, and she will not be conquered by his caresses—and yet his wicked ways tempt her so . . .

When Tudor explorers returned from the New World, they brought back a name out of half-forgotten Viking legend: skraylings. Red-sailed ships followed in the explorers' wake, bringing Native American goods--and a skrayling ambassador--to London. But what do these seemingly magical beings really want in Elizabeth I's capital? Mal Catlyn, a down-at-heel swordsman, is seconded to the ambassador's bodyguard, but assassination attempts are the least of his problems. What he learns about the skraylings and their unholy powers could cost England her new ally--and Mal his soul. File Under: Fantasy [Midsummer Magic | Skraylings | Double Trouble | Comedy of Terrors] e-book ISBN: 978-0-85766-215-6 From the Paperback edition.

"The greater our knowledge increases, the more our ignorance unfolds." U. S. President John F. Kennedy, speech, Rice University, September 12, 1962 My primary purpose for writing this book was much more than to provide another information source on Chemistry, Manufacturing & Controls (CMC) that would rapidly become out of date. My primary purpose was to provide insight and practical suggestions into a common sense business approach to manage the CMC regulatory compliance requirements for biopharmaceuticals. Such a common sense business approach would need (1) to be applicable for all types of biopharmaceutical products both present and future, (2) to address the needs of a biopharmaceutical manufacturer from the beginning to the end of the clinical development stages and including post market approval, and (3) to be adaptable to the constantly changing CMC regulatory compliance

requirements and guidance. Trying to accomplish this task was a humbling experience for this author! In Chapter 1, the CMC regulatory process is explained, the breadth of products included under the umbrella of biopharmaceuticals are identified, and the track record for the pharmaceutical and biopharmaceutical industry in meeting CMC regulatory compliance is discussed. In Chapter 2, while there are many CMC commonalities between biopharmaceuticals and chemically-synthesized pharmaceuticals, the significant differences in the way the regulatory agencies handle them are examined and the reasons for why such differences are necessary is discussed. Also, the importance of CMC FDA is stressed.

As the Resistance attempts to overthrow their vampiric alien masters, elite Cat force member David Valentine embarks on a terrifying journey in search of a long-lost weapon that will guarantee their victory—and the end of the Kurian Order's domination of Earth.

“ When I first discovered the grainy picture in my mother ’ s desk—me as a towheaded two year old sitting in what I remember was a salmon-orange-stained lifeboat—I was overwhelmed by the feeling that the boy in the boat was not waving and laughing at the person snapping the photo as much as he was frantically trying to get the attention of the man I am today. The boy was beckoning me to join him on a voyage through the harrowing straits of memory. He was gambling that if we survived the passage, we might discover an ocean where the past would become the wind at our back rather than a driving gale to the nose of our boat. This book is the record of that voyage. ” When he was sixteen years old, Ian Morgan Cron was told about his father ’ s clandestine work with the CIA. This astonishing revelation, coupled with his father ’ s dark struggles with chronic alcoholism and depression, upended the world of a boy struggling to become a man. Decades later, as he faces his own personal demons, Ian realizes the only way to find peace is to voyage back through a painful childhood marked by extremes—privilege and poverty, violence and tenderness, truth and deceit—that he ’ s spent years trying to escape. In this surprisingly funny and forgiving memoir, Ian reminds us that no matter how different the pieces may be, in the end we are all cut from the same cloth, stitched by faith into an exquisite quilt of grace. “ Simultaneously redemptive and consoling with bright moments of humor . . . this story is chock-full of sacredness and hope. Cron is one of only a few spirituality authors who could articulate these themes as poignantly. ” PUBLISHERS WEEKLY “ Ian Cron writes with astonishing energy and freshness; his metaphors stick fast in the imagination. This is neither a simple memoir of hurt endured, nor a tidy story of reconciliation and resolution. It is—rather like Augustine ’ s Confessions—a testimony to the unfinished business of grace. ” DR. ROWAN WILLIAMS, Archbishop of Canterbury “ Ian Cron has the gift of making his human journey a parable for all of our journeys. Read this profound book and be well fed, and freed. ” FR. RICHARD ROHR, O.F.M., author of Everything Belongs “ Ian Morgan Cron is a brilliant writer. This is the kind of book that you don ’ t just read. It reads you. ” MARK BATTERSON, author of In a Pit with a Lion on a Snowy Day
