updates to content based on recent research. Along with current management theory and practice, the text integrates coverage of innovation, entrepreneurship, agile workplaces, social media and new technology throughout. The book is rich with experiential exercises, self-assessment activities, challenges and cases for students to engage with, developing multiple skills. Examples within the text are both local and global, with a new focus on a 'skills approach', and each part of the text concludes with a contemporary continuing case study, focussing on car company, Toyota, as it faces managerial challenges and opportunities in the region. The text covers the four key management functions: Planning, Organising, Leading, and Controlling, conveying to students the elements of a manager's working day.

Principles of Management courses that require a brief and/or skills focused text. Robbins/DeCenzo is the best-selling brief paperback text that gives students more depth and breadth of practical tools to practice their management skills (Management Workshop) than any other textbook.

Management is a robust foundations text providing a balance of broad, theoretical content with an engaging, easy-to-understand writing style. It covers the four key management functions - planning, organising, leading and controlling - conveying to students the elements of a manager's working day. Real-life local and international examples showcase the ongoing changes in the management world. Focusing on a 'skills approach', they bring concepts to life for students, supporting

and responsive to its students

Using a three-pronged approach of concepts, applications, and skill development, MANAGEMENT FUNDAMENTALS, International Edition gives your students a solid foundation of management concepts and real skills they can use in the workplace. Through a variety of thought-provoking applications, Lussier challenges students to think critically and apply concepts to their own experiences. Proven skill-building exercises, behavioral models, self-assessments, and group exercises throughout the text help students realize their own managerial potential. The 14-chapter format is comprehensive enough for the one-term course yet flexible enough to allow for additional readings, activities, or discussions.

Fundamentals of Management, 4/e, an abridged version of Management, 8/e, provides up-to-date coverage to key functional areas (planning, organizing, leading, and controlling) plus new research and examples, all in a brief format. From respected author Ricky Griffin, this skills-based text gives instructors the flexibility to integrate their own cases, exercises, and projects while continuing to provide them with a strong theoretical framework. New! Each chapter also contains either a Technology Toolkit, Business of Ethics, or Today's Management Issues boxed feature. These are intended to briefly depart from the flow of the chapter to highlight or extend especially interesting or emerging points and issues relating to new technology and its role in management or ethical issues and questions facing

managers today. New! Test Preppers, located at the end of every chapter, prompt students with true/false and multiple-choice quizzes to gauge their retention and comprehension of chapter material. The answers are found at the end of the text. New! HM e-Study Student CD-ROM is carefully tailored to supplement and enhance the content of the text, including ACE self-tests, selected videos, chapter outlines, company web links, a glossary, flashcards, learning objectives, ready notes, self-assessment exercises, and chapter summaries. The CD-ROM is free with the text. Knowledgebank Icon in the text refers students to the new Knowledgebank feature on the HM e-Study CD. Here they can find additional information about particular topics in the text. It can also be used to find further management knowledge or for a research project, and it can be found only on HM e-Study CD ROM. Building Management Skills exercises appear throughout the text and are organized around the set of basic management skills introduced in Chapter 1. The Skills Self-Assessment Instrument helps readers learn something about their own approach to management. Finally, an Experiential Exercise provides additional action-oriented learning opportunities, usually for group settings. Pedagogical features that support learning are features throughout the text. In addition to the end-of-the-chapter exercises, every chapter includes important learning objectives, a chapter outline, an opening incident, boldface key terms, a summary of key points, questions for review, questions for analysis, and an end-of-the-chapter case with questions. Eduspace, a flexible, powerful, and customizable e-learning platform, provides instructors with text-specific online courses and content for
