The difference between helping and selling is just two letters. If you're wondering how to make your products seem more exciting online, you're asking the wrong question. You're not competing for attention only against other similar products. You're competing against your customers' friends and family and viral videos and cute puppies. To win attention these days you must ask a different question: "How can we help?" Jay Baer's Youtility offers a new approach that cuts through the clutter: marketing that is truly, inherently useful. If you sell something, you make a customer today, but if you genuinely help someone, you create a customer for life.

A look at the culture and fanaticism of book lovers, from beloved New York Times illustrator Grant Snider. It's no secret, but we are judged by our bookshelves. We learn to read at an early age, and as we grow older we shed our beloved books for new ones. But some of us surround ourselves with books. We collect them, decorate with them, are inspired by them, and treat our books as sacred objects. In this lighthearted collection of one- and two-page comics, writer-artist Grant Snider explores bookishness in all its forms, and the love of writing and reading, building on the beloved literary comics featured on his website, Incidental Comics. NEW YORK TIMES BESTSELLER * Love can transform even the best-laid plans in this heartfelt Christmas novel from the queen of Christmas stories, Debbie Macomber. Trapped in the middle of five siblings, Everly Lancaster always had big dreams. Now a top real-estate executive, Everly finds her work is her life, leaving no space for anything (or anyone) else. Sensing her stress, Everly's boss insists she take December off. At first, a month away seems crazy--how will the company survive without her? But Everly's mother convinces her otherwise. She deserves a vacation--plus, when she returns, she'll have no excuse to skip family Christmas like she did last year. But after her vengeful assistant books a guided cruise in the Amazon instead of the luxury beach vacation she expected, Everly is horrified to realize that she's about to spend the next two weeks trapped--with

Slowly but surely, she realizes he is right: the sights are spectacular. And with each passing day, Everly's relationship with Asher deepens, forcing her to take a long, hard look at her priorities. Everly and Asher begin to see magic in the possibility of a life together. But as the cruise nears its end, and Everly's family Christmas approaches, both must decide if love is worth the risk. A merry surprise may be in store in Debbie Macomber's newest holiday delight.

In the early months of 1966, a handsome, hardworking thirty-five-year-old Canadian-born actor named William Shatner was cast as Captain Kirk in *Star Trek*, a troubled, low-budget science-fiction television series set to premiere that fall on NBC. *Star Trek* struggled for viewers and lasted only three seasons, but it found a huge, rabidly dedicated audience when it premiered in syndication following its cancellation—turning Shatner into a pop-culture icon and launching him on a career path he never could have imagined after graduating from McGill University with an economics degree twenty years earlier. As he approaches his ninetieth year, he's still working at a furious pace as a man of boundless contradictions: by turns one of the most dissected,

disliked, revered, respected, mocked, imitated, and beloved stars in the show business firmament. Shatner takes a comprehensive look at this singular performer, using archival sources and information culled from interviews with friends and colleagues to transport readers through William Shatner's remarkably bumpy career: his spectacular failures and triumphs; tragedies, including the shocking death of his third wife, Nerine; and, ultimately, the resilience Shatner has shown, time and again, in the face of overwhelming odds. Author Michael Seth Starr unravels the mystery of William Shatner, stripping away the many myths associated with his personal life and his relationships with fellow actors, presenting a no-holds-barred, unvarnished look at the unique career of an inimitable performer.
