A Palestinian Christian theologian shows how the reality of empire shapes the context of the biblical story, and the ongoing experience of Middle East conflict.

On 4 May 1980, seven terrorists holding twenty-one people captive in the Iranian Embassy in London ' s Prince ' s Gate, executed their first hostage. They threatened to kill another hostage every thirty minutes until their demands were met. Minutes later, armed men in black overalls and balaclavas shimmied down the roof on ropes and burst in through windows and doors. In seconds all but one of the terrorists had been shot dead, the other captured. For most people, this was their first acquaintance with a unit that was soon to become the ideal of modern military excellence – the Special Air Service regiment. Few realized that the SAS had been in existence for almost forty years, playing a discreet, if not secret, role almost everywhere Britain had fought since World War II, and had been the prototype of all modern special forces units throughout the world. In The Regiment, Michael Asher – a former soldier in 23 SAS Regiment – examines the evolution of the special forces idea and investigates the real story behind the greatest military legend of the late twentieth century.

Provides an overall introduction to the welding process, illustrating most of the common equipment and work techniques for both the home and shop welding.

"This edition of NFPA 72 was approved as an American National Standard on August 26, 2012"--Page 1.

Manage information overload to save time and money E-mail is one of the most useful and efficient businessapplications ever developed. However, many people today dread thechore of sorting through an inbox crammed with messages that don'tconcern them and spam they don't want. In fact, research shows thatNorth American office workers waste up to twenty hours every weeksorting and managing their e-mail messages, causing moreproductivity loss than gain. Finally, there's a straightforwardguide dedicated to helping workers and organizations tame thee-mail monster and take back their time. Managing Your E-mail is a simple, accessible reference for workersand organizations that want to get the most out of this ubiquitousand sometimes overwhelming method of communication. With newstrategies for dealing with e-mail inefficiencies and practicaltips on getting and staying organized, it will free up hours oftime each week for what's really important. It examines thecategories and patterns of e-mail misuse and presents practical,research-based explanations, solutions, and quick tips on topicssuch as: * Best practices for responding to e-mail * When to choose more traditional communication methods overe-mail * How to structure an e-mail for high-impact * How to craft more readable and understandable messages * Legal pitfalls to avoid * Common e-mail myths * How to reduce e-mail volume in your organization
