I Am Iman is a wonderful book. That it is wonderful to look at won't come as a surprise to anyone. What is a surprise, visually, though, are many of the photographs, all chosen by Iman: of course there are plenty of traditional beauty and fashion images testifying to Iman's career as a singular catwalk and photographic model.

Am Iman captures the funny, infuriating, and often absurd validation of black and ethnic looks in a beauty industry where billions of dollars - and the self-image of women everywhere - are on the line. I Am Iman - Dean Kuipers Book Summary: The title of this book is I am Iman and it was written by Iman, Peter H. Beard, David Bowie.

A heavily illustrated autobiography of the Somalia-born model.

Iman's emergence in 1975 sparked an upheaval in cultural identity that continues today. This book captures the funny, infuriating and often absurd validation of black and ethnic looks in a beauty industry where billions of dollars are on the line.

Outlines a program of skin care and makeup for women of color, drawing on the author's experience as a supermodel and founder of a top cosmetics line to explain how to tailor a beauty regimen in accordance with a woman's particular skin tone and type. Reprint. 50,000 first printing.

How do you make a life for yourself when all you have are lies? Growing up in a sleepy town with parents who adore her, it's difficult to understand why Frances is the way she is: friendless, manipulative

and at times very cruel. But once she leaves home for boarding school, a different Frances begins to emerge as she starts to question everything that she had accepted as normal: her beloved father, her overbearing mother, her grandmother who refuses to speak - her whole white-picket fence life. When uncomfortable truths finally emerge, will the family be able to survive?

Argues that blackness disrupts our essential ideas of race, gender, and, ultimately, the human. Rewriting the pernicious, enduring relationship between blackness and animality in the history of Western science and philosophy, *Becoming Human: Matter and Meaning in an Antiracist World* breaks open the rancorous debate between black critical theory and posthumanism. Through the cultural terrain of literature by Toni Morrison, Nalo Hopkinson, Audre Lorde, and Octavia Butler, the art of Wangechi Mutu and Ezrom Legae, and the oratory of Frederick Douglass, Zakiyyah Iman Jackson both critiques and displaces the racial logic that has dominated scientific thought since the Enlightenment. In so doing, *Becoming Human* demonstrates that the history of racialized gender and maternity, specifically antiblackness, is indispensable to future thought on matter, materiality, animality, and posthumanism. Jackson argues that African diasporic cultural production alters the meaning of being human and engages in imaginative practices of world-building against a history of the bestialization and thingification of blackness—the process of imagining

the black person as an empty vessel, a non-being, an ontological zero—and the violent imposition of colonial myths of racial hierarchy. She creatively responds to the animalization of blackness by generating alternative frameworks of thought and relationality that disrupt not only the racialization of the human/animal distinction found in Western science and philosophy but also by challenging the epistemic and material terms under which the specter of animal life acquires its authority. What emerges is a radically unruly sense of a being, knowing, feeling existence: one that necessarily ruptures the foundations of "the human."

Entertainment reporter and author Shaun Robinson has spoken candidly both on camera and behind the scenes with countless celebrities. Consequently, she has received hundreds of emails and letters from girls across the country asking how they can be more like their favorite stars. But the truth is, these actors, singers, athletes, and media and political figures are remarkably similar to teenage girls in essential ways: They all still struggle with issues of self-esteem and body image and doubt, and they all, at some point, have compared themselves with their peers and felt they came up short. In *Exactly As I Am*, Robinson shares both the honest comments she's heard from young women and the heartfelt and encouraging advice she's been in the rare position to glean from today's most notable women. The result is a book that will inspire girls to find their inner strength, grow confident, and believe in themselves. Actress Eva Mendes talks about how she persevered in the face of rejection: "Surrounding myself with people who love

and support me has been my key to success.” Grammy-winning singer-songwriter Alicia Keys suggests that the answer to a healthy self-image lies in new definitions: “We need more variety in how we depict beauty and define intelligence—there’s so much more than what is often featured.” Kelly Clarkson turns the tables on so-called imperfection: “The flaws and vulnerability are what make people attractive.” And Vanessa Williams suggests a way out of the trap of taking things personally: “Next time someone rolls their eyes at you or says an unkind word about you, think about what they could be insecure about.” Through this rich tapestry of voices, women of all ages, races, ethnicities, and backgrounds explore how to stay grounded and develop positive self-esteem, something Robinson calls “your ticket to freedom and making your dreams come true.” They also discuss the importance of mentors and friends, being able to laugh at oneself, and giving back to others. The collected wisdom of shared experiences in *Exactly As I Am* is designed to give every girl and woman the opportunity to dream big, stay strong, and remain true to herself.

Ina'am Atalla introduces us to the exotic flavours and colours of Lebanese cuisine using an abundance of wholesome ingredients, combined with fresh herbs and subtle spices, to make delicious and healthy dishes. This book is the product of her wealth of experience and her desire to dispel the complexities and mysteries surrounding Middle Eastern cookery by using simple techniques and easily available ingredients. With her obvious enthusiasm, the author inspires the reader to attempt a variety of easy-to-

follow recipes, from the simplest soup to the more complicated main course, and from traditional recipes such as tabbouleh and kibbeh to the more unusual and creative variations that have been developed by her for the menu at her restaurant. Your level of experience is immaterial: supplemented by beautiful colour photography, Ina'am's anecdotes and tips for the cook create the illusion that this is a personal cookery lesson between author and reader, while the book as a whole remains simply a pleasure to read.

From the ultimate David Bowie expert comes an exploration of the final four decades of his musical career, covering every song he wrote, performed or produced. From the ultimate David Bowie expert comes this exploration of the final four decades of the popstar's musical career, covering every song he wrote, performed or produced from 1976 to 2016. Starting with *Low*, the first of Bowie's Berlin albums, and finishing with *Blackstar*, his final masterpiece released just days before his death in 2016, each song is annotated in depth and explored in essays that touch upon the song's creation, production, influences and impact.
