Core Principles for the Professional Practice of Internal Auditing. The Core Principles, taken as a whole, articulate internal audit effectiveness. For an internal audit function to be considered effective, all Principles should be present and operating effectively. How an internal auditor, as well as an internal audit activity, demonstrates achievement of the Core Principles may be quite different from organization to organization, but failure to achieve any of the Principles would imply ...

In my previous blog post, I explored half of The IIA's Core Principles in relation to the recent release of a new Practice Guide, "Demonstrating the Core Principles for the Professional Practice of Internal Auditing." However, when it comes to principles, we must be all in. So, in this blog, I will examine the remaining five principles.
