Introduction to criminal justice (Book, 2020) [WorldCat.org]

Introduction to Criminal Justice: Practice and Process shows you how to think practically about the criminal justice system by offering you a proven, problem-based approach to learning. Bestselling authors Kenneth J. Peak and Tamara D. Madensen draw on their many years of combined practitioner and academic experience to explain the importance of criminal justice and show how key trends, emerging issues, historical background, and practical lessons can be applied in the field.

Student-centric and informative without being encyclopedic, the revised Second Edition of Introduction to Criminal Justice: The Essentials, focuses seamlessly on key topics without digression. Drawing from deep wells of teaching experience, this author team has created the text that they've always wanted for their own classes. Students will be able to understand the material intuitively, while still being challenged to think, read, and write critically. New to the Second Edition: New critical thinking questions at the end of every chapter that challenge students to do more than look for the "right answer" Updated crime figures and other criminal justice-related statistics New boxed inserts throughout the text, including discussion of what happens when crime-fighting theory fails to deliver in practice and an examination of recent challenges to the FBI's image New coverage of the role of the law enforcement academy in the standardization of policing training and practices New material on Technology and Law Enforcement that details the strengths and weaknesses associated with the use of conducted energy devices (i.e., Tasers) and body-worn cameras Updated and expanded look at police misconduct, including arrest-related citizen deaths Professors and students will benefit from: In-depth coverage of key topics that focuses on what students need to understand without extraneous coverage Seamless exposition and format Text boxes, tables, and other visual aids that convey information with perfect economy Critical reading, thinking, and writing tools built right into the text

This comprehensive and authoritative introductory text provides an overview of the entire field of law enforcement. The material is current and up-to-date, and all relevant Supreme Court cases have been included. Includes chapters on corrections and policing in the 1990's (includes significant trends and changes). The section on the criminal justice system has been moved to the beginning of the text, a new chapter on community policing has been added, the chapter on careers has been moved to the end, and a second four-color photo essay has been added.

Criminal Justice: An Introduction is a complete introductory text for the most basic and widely-studied course in this subject area. Each chapter begins with behavioral objectives and a list of key terms. A variety of strategies are designed into the text to hold the attention of reader: key terms in bold lettering,

side margin notes (containing interesting facts and challenging questions), boxed justice events and international perspectives, and over 80 photographs, tables and figures. Each chapter ends with applications that enable the student to apply the material to real life situations. This text competes with larger books by offering a complete but succinct and less expensive introduction to criminal justice, which will be more manageable for community colleges and colleges with shorter terms. The instructor's manual will assist educators with special projects and test questions and answers. The accompanying disk challenges students with interactive exercises. An excellent entry-level textbook for undergraduate criminal justice students. Written by an instructor of criminal justice and security for over 20 years. Includes an instructor's manual and a disk with interactive exercises for students.

This third edition is designed as an introduction to research methods in criminal justice techniques. The detailed information that is generated by research is a management tool that has become a significant part of criminal justice operations. The text discusses the purposes, process, and uses of research that focus on identifying what information is already known about a particular topic or question. Ethical issues in criminal justice research are reviewed, as is investigating the validity and reliability of crime data sources. Also offered is an introduction to research design--the plan or blueprint for a complete research project. The principles of sampling are thoroughly discussed as is survey research, a common form of gathering information in the criminal justice setting. A review of the concept of scaling and some common methods of scale construction are introduced. Additional major topics include qualitative interviews and observational studies in qualitative research, as well as a wide variety of research techniques that comprise evaluation research. The definitions and examples provided in the book will help students and practitioners to both comprehend research articles and reports and to conduct their own research. Each of the authors brings specific areas of expertise to the text, and they are familiar with the research process and have worked together on several published studies. The text is designed primarily for persons with little or no research background and provides real-world examples and clear definitions of terms and concepts.

Includes key terms, test Questions, and instructor tips. What do YOU think? How did criminal justice higher education evolve? Will sons of career criminals inevitably become criminals, too? Is it basically impossible to avoid? What is one of the most surprising tools that has successfully helped inmates? Why is the CSI Effect making police investigations harder? How does criminological theory relate to a students use of Facebook? Is an academic degree actually important if youre going to be a police officer? Is a correctional facility a valuable benefit or a dangerous liability to a community? Why do many college students engage in risky sexual behavior? Criminal justice researches provide students with tools they will use to begin a scholarly search for the answers.

Criminal Law By Storm begins with the foundations of law and the legal system, then extensively explores criminal laws and defenses using general state and federal principles, the Constitution, and the Model Penal Code as guidelines. This engaging and interactive textbook will enhance your ability to be successful in academics or a career in law, criminal justice, or paralegal. Lisa M. Storm, Esq. has taught at the community college, four-year, and graduate levels since 1992. Currently, she is a tenured faculty member in Administration of Justice at Hartnell College, a California Community College. She is also an attorney and licensed member of the California State Bar.

For courses in Introduction to Criminal Justice The gold standard for criminal justice texts Criminal Justice: A Brief Introduction, Twelfth Edition, offers a contemporary, authoritative look at crime in America with a focus on police, courts, and corrections. To make information resonate with students, Schmalleger asks readers to consider the balance between freedom and security issues and evaluate the strengths and weaknesses of the American justice system as it adapts to cultural, political, and societal changes. A wealth of Internet resources along with author tweets (@schmalleger) extends chapter

material and provides up-to-the minute information on this ever-evolving field. Its unifying theme, unmatched timeliness, and coverage of trends and technology make this text the standard by which all other brief texts are judged. Criminal Justice, Twelfth Edition is also available via Revel(tm), an interactive learning environment that enables students to read, practice, and study in one continuous experience. Learn more.

Earlier editions published as: Crime and justice in America: an introduction to criminal justice.

Crime in the United States has fluctuated considerably over the past thirty years, as have the policy approaches to deal with it. During this time criminologists and other scholars have helped to shed light on the role of incarceration, prevention, drugs, guns, policing, and numerous other aspects to crime control. Yet the latest research is rarely heard in public discussions and is often missing from the desks of policymakers. This book accessibly summarizes the latest scientific information on the causes of crime and evidence about what does and does not work to control it. Thoroughly revised and updated, this new version of Crime and Public Policy will include twenty chapters and five new substantial entries. As with previous editions, each essay reviews the existing literature, discusses the methodological rigor of the studies, identifies what policies and programs the studies suggest, and then points to policies now implemented that fail to reflect the evidence. The chapters cover the principle institutions of the criminal justice system (juvenile justice, police, prisons, probation and parole, sentencing), how broader aspects of social life inhibit or encourage crime (biology, schools, families, communities), and topics currently generating a great deal of attention (criminal activities of gangs, sex offenders, prisoner reentry, changing crime rates). With contributions from trusted, leading scholars, Crime and Public Policy offers the most comprehensive and balanced guide to how the latest and best social science research informs the understanding of crime and its control for policymakers, community leaders, and students of crime and criminal justice.

One of the few bestselling introductory criminal justice texts written by professors who actively teach the course to large numbers of undergraduates each year, INTRODUCTION TO CRIMINAL JUSTICE is uniquely attuned to the needs of today's students and instructors. Now in its fifteenth edition and known for its authoritative, solidly researched content, Siegel and Worrall's text delivers comprehensive, cutting-edge coverage of criminal justice. Extremely student friendly, the text's balanced and objective presentation is packed with provocative real-world examples and the latest developments from the field. Crisp writing, complemented by vivid illustrations, deftly guides readers through the intricate workings of the police, courts, and correctional systems; the concepts and processes of justice; and key policy issues. The book also includes an emphasis on today's criminal justice careers, offering insights from numerous professionals on the rewards and realities of their jobs.
