A New York Review Books Original Hav is like no place on earth. Rumored to be the site of Troy, captured during the crusades and recaptured by Saladin, visited by Tolstoy, Hitler, Grace Kelly, and Princess Diana, this Mediterranean city-state is home to several architectural marvels and an annual rooftop race that is a feat of athleticism and insanity. As Jan Morris guides us through the corridors and quarters of Hav, we hear the mingling of Italian, Russian, and Arabic in its markets, delight in its famous snow raspberries, and meet the denizens of its casinos and cafés. When Morris published Last Letters from Hav in 1985, it was short-listed for the Booker Prize. Here it is joined by Hav of the Myrmidons, a sequel that brings the story up-to-date. Twenty-first-century Hav is nearly unrecognizable. Sanitized and monetized, it is ruled by a group of fanatics who have rewritten its history to reflect their own blinkered view of the past. Morris's only novel is dazzlingly sui-generis, part erudite travel memoir, part speculative fiction, part cautionary political tale. It transports the reader to an extraordinary place that never was, but could well be.

With this new release of Final Cut Pro, Apple has completely re-engineered its popular film and video editing software to include an incredible lineup of features intended to close the gap between the prosumers and the pros. Following right in step, this Visual QuickStart Guide has been completely revised to address all the new features as well as the new paradigm of editing that Apple has put forward. An undisputed master of the digital video medium, Lisa Brenneis once again demystifies the complexities of the program and she is joined this time by the Final Cut Pro guru Michael Wohl to provide a clear, straightforward guide to Final Cut Pro X. Tasked-based, step-by-step instructions and loads of visuals and time-saving tips make it so professionals and newcomers alike can quickly find and learn tasks specific to their needs, benefiting from the award-winning Visual QuickStart style. Topics covered include essential editing tasks and media-management strategies, transitions, effects and filters, rendering options, and much more. It includes coverage of all the new features such as the new dynamic interface, Magnetic Timeline, Clip Connections, Auditions, Content Auto-Analysis, Range-Based Keywords, and much more. Now in four-color, this must-have reference also includes several free downloadable videos from the publisher's site.

Embracing Faith features practical devotional thoughts that offer inspiration and hope for each day. This yearlong devotional journal is a great way to encourage anyone to celebrate time with God with a Scripture, song, meditation, prayer, and special verse for every day of the year. Each 365 Devotions@ Devotional Journal provides a daily: • Scripture reference for the day's Bible reading • Scripture verse for memorization • Song suggestion to assist in praise and worship • Inspiring, thought-provoking meditation • Prayer thought to focus the reader's heart and mind on God • Daily journaling space

A concise guide to the essential language of medicine. More than 35,000 entries. Pronunciations provided for all entries. Covers brand names and generic equivalents of common drugs.

(Guitar Educational). This handy booklet includes 120 of the most commonly used chords, as well as information on chord theory and easy-reference diagrams.

Another outstanding Spanish artist presents everyday situations gone very, very lubricious. A doctor receives a visit from a client who needs a different kind of help. A wedding dress maker is hit on by a horny bride. A hot dentist who puts you to sleep and then into bondage gear? Hey, you never know, it could happen to you!

Classic pasta dishes from America's 1st and most beloved master chef Whether you're entertaining guests or simply cooking for 1, pasta is sure to delight. The ultimate comfort food, it can be found in the cuisines of nearly every culture. James Beard, heralded by the New York Times as "the dean of American cookery" enriches our understanding of this culinary staple with his collection of recipes and commentary on store-bought versus homemade pasta, wine pairings, choosing the perfect cheese, and other insights. From familiar spaghetti entrées to more adventurous fare, such as udon noodle soup and spaetzle, Beard brings meals from all over the globe into the home chef's kitchen. Under the guidance of America's original gastronomic genius, the basic noodle is elevated in dishes such as basil lasagna, Portuguese fish stew with orzo, and cheddar angel hair soufflé. Beard on Pasta is full of easy-to-follow recipes, along with tips on preparation, sauce, and serving that you'll be eager to try. This comprehensive cookbook provides all the tools you need to make delectable and unforgettable pasta for any occasion.

----- A lost starship... A dire warning from futures past... A desperate search for salvation... ----- Captain Mitchell "Ares" Williams is a Space Marine and the hero of the Battle for Liberty, whose Shot Heard 'Round the Universe saved the planet from a nearly unstoppable war machine. He's handsome, charismatic, and the perfect poster boy to help the military drive enlistment. Pulled from the war and thrown into the spotlight, he's as efficient at charming the media and bedding beautiful celebrities as he was at shooting down enemy starfighters. After an assassination attempt leaves Mitchell critically wounded, he begins to suffer from strange hallucinations that carry a chilling and oddly familiar warning: They are coming. Find the Goliath or humankind will be destroyed. Convinced that the visions are a side-effect of his injuries, he tries to ignore them, only to learn that he may not be as crazy as he thinks. The enemy is real and closer than he imagined, and they'll do whatever it takes to prevent him from rediscovering the centuries lost starship. Narrowly escaping capture, out of time and out of air, Mitchell lands at the mercy of the Riggers - a ragtag crew of former commandos who patrol the lawless outer reaches of the galaxy. Guided by a captain with a reputation for cold-blooded murder, they're dangerous, immoral, and possibly insane. They may also be humanity's last hope for survival in a war that has raged beyond eternity.
