Iconoclasts have that knack for overturning conventional wisdom and achieving the apparently impossible. Though crucial to the success of an organisation, true iconoclasts are few and far between. This text explores what makes these great innovators tick and offers tools to unleash our own potential.

This text presents extended separation, comparison, and oscillation theorems that replace classical analysis. Its analysis of related quadratic functionals shows how critical extremals can substitute for minimizing extremals. 1973 edition.

Microsoft Excel is one of the most commonly used programs across all industry and geopolitical lines. Despite this fact, many business people, even those who interact with Excel regularly, don't understand the essentials that can really further their career.

Diabetes is one of the fastest growing diseases in the world; the American Diabetes Association reports that 1.7 million new diagnoses are made each year. After her own diagnosis, Gretchen Becker became a "patient-expert," educating herself on every aspect of type 2 diabetes and eventually compiling everything she had learned into this step-by-step guidebook for others. Now in its third edition, *The First Year: Type 2 Diabetes* takes you through everything you need to know and do in your first year with diabetes. In clear and accessible language, Becker covers a wide range of practical, medical, and lifestyle issues, from coming to terms with your diagnosis to diet and exercise, testing routines, insurance issues, and the most up-to-date information on new medications and supplements.

When Ruthy has to leave school back east and return to Texas after the death of her parents, she meets Harry Fronctil, a young law school graduate who needs to borrow her father's law books in order to study for the bar. A western. Historical fiction.

True heroes who will win your heart. Honor, duty, courage, passion . . . the men of the Navy SEALs are a special breed of hero, and in these stories by eighteen top romance authors the SEALs are celebrated not only as symbols of devoted service to their country but as the kind of man every woman wants to love. They'll rescue a damsel in distress and her lap dog, too. They'll battle hometown dramas and international bad guys. When it comes to giving away their hearts, they'll risk everything. All proceeds from sales of *SEAL of My Dreams* goes to the Veterans Research Corporation, a non-profit fundraiser for veterans' medical research. Among them, the authors of *SEAL of My Dreams* have won dozens of writing awards including multiple RITAs from Romance Writers of America. Their nearly 600 published novels have sold at least 25 million copies worldwide. The *SEAL of My Dreams* roster includes many of the best-known authors in modern romance fiction. In addition, many have strong family connections to the servicemen and women of our nation's military, and many specialize in novels featuring heroes and heroines from all branches of service. Visit the authors at [sealofmydreams.com](http://sealofmydreams.com).

Charlie's brother has put her in the no-win situation of having to rescue a cyborg from Earth Government. It's dangerous, she'll become an outlaw on Earth, but it's the only way to save her brother's life. The imprisoned cyborg is rude, conceited and probably the biggest jerk she's ever had the misfortune to meet. His only redeeming qualities are his handsome face and sexy, muscular body. Just wow! Still, she can't wait to be rid of him. All cyborgs hate humans, but Zorus is consumed by it. Chained, enslaved and facing death on Earth once again, he vows revenge. To his utter astonishment, a human female comes to his rescue. She's rude, mouthy and bossy. And very brave. She baffles him almost as much as she arouses him. Zorus cannot deny that he's fascinated by her. They are about to lock wills and ignite a firestorm of desire that defies every rule he lives by.
