This publication is based on research and discussion papers prepared for the Business Sector Round Table held during the Third United Nations Conference on the Least Developed Countries (LDCs). It draws lessons from successful entrepreneurs in LDCs and describes how to turn opportunities into effective business. It also reviews possibilities in different trade sectors and looks at measures that can help exporters to improve their performance and increase their market competitiveness.

The use of neurovascular ultrasound is of increasing importance in neurological practice, both for radiologists and increasingly by neurologists themselves. Written by the world's most renowned expert, this book explains ultrasound examination of a stroke patient scanning protocols interpretation of the results Case examples (with a standard template presentation correlating presentation to waveform output) reinforce the book's practical nature. Illustrated with photos of the tests, explanations, and with actual waveforms, images, and result interpretation, and enhanced with 'pearls' and 'avoiding pitfalls' features, it is a practical reference for those learning ultrasound as well as those using ultrasound in their practices.

Urban areas in Arctic Russia are experiencing unprecedented social and ecological change. This collection outlines the key challenges that city managers will face in navigating this shifting political, economic, social, and environmental terrain. In particular, the volume examines how energy production drives a boom-bust cycle in the Arctic economy, explores how migrants from Muslim cultures are reshaping the social fabric of northern cities, and provides a detailed analysis of climate change and its impact on urban and industrial infrastructure.
