Hacker extraordinaire Kevin Mitnick delivers the explosive encore to his bestselling The Art of Deception Kevin Mitnick, the world's most celebrated hacker, now devotes his life to helping businesses and governments combat data thieves, cybervandals, and other malicious computer intruders. In his bestselling The Art of Deception, Mitnick presented fictionalized case studies that illustrated how savvy computer crackers use "social engineering" to compromise even the most technically secure computer systems. Now, in his new book, Mitnick goes one step further, offering hair-raising stories of real-life computer break-ins-and showing how the victims could have prevented them. Mitnick's reputation within the hacker community gave him unique credibility with the perpetrators of these crimes, who freely shared their stories with him-and whose exploits Mitnick now reveals in detail for the first time, including: A group of friends who won nearly a million dollars in Las Vegas by reverse-engineering slot machines Two teenagers who were persuaded by terrorists to hack into the Lockheed Martin computer systems Two convicts who joined forces to become hackers inside a Texas prison A "Robin Hood" hacker who penetrated the computer systems of many prominent companies-andthen told them how he gained access With riveting "you are there" descriptions of real computer break-ins, indispensable tips on countermeasures security professionals need to implement now, and Mitnick's own acerbic commentary on the crimes he describes, this book is sure to reach a wide audience-and attract the attention of both law enforcement agencies and the media.

NEW YORK TIMES BESTSELLER • “A fascinating look at how consumers perceive logos, ads, commercials, brands, and products. ” —Time How much do we know about why we buy? What truly influences our decisions in today ’ s message-cluttered world? In Buypology, Martin Lindstrom presents the astonishing findings from his groundbreaking three-year, seven-million-dollar neuromarketing study—a cutting-edge experiment that peered inside the brains of 2,000 volunteers from all around the world as they encountered various ads, logos, commercials, brands, and products. His startling results shatter much of what we have long believed about what captures our interest—and drives us to buy. Among the questions he explores: • Does sex actually sell? • Does subliminal advertising still surround us? • Can “ cool ” brands trigger our mating instincts? • Can our other senses—smell, touch, and sound—be aroused when we see a product? Buypology is a fascinating and shocking journey into the mind of today’s consumer that will captivate anyone who’s been seduced—or turned off—by marketers’ relentless attempts to win our loyalty, our money, and our minds.

Surrounded by lies and deceit how do you work out who is telling the truth? When highly decorated war hero, Colonel Tariq joins the intelligence agency, his rise to the top seems assured. But in his first case he discovers a CIA agent has killed a young prostitute and a diplomatic crisis erupts.As the two nations negotiate, angry mobs take to the streets and he is caught up in a national scandal. Tariq is instructed to eliminate the only witness and instigate a cover up, trapping him in a terrible moral dilemma. As his professional ambition and private life collide, he must make a life changing decision that will have far reaching consequences for the future of his family and his country.

Euclides da Cunha's classic account of the brutal campaigns against religious mystic Antonio Conselheiro has been called the Bible of Brazilian nationality. "Euclides da Cunha went on the campaigns [against Conselheiro] as a journalist and what he returned with and published in 1902 is still unsurpassed in Latin American literature. Cunha is a talent as grand, spacious, entangled with knowledge, curiosity, and bafflement as the country itself. . . . On every page there is a heart of idea, speculation, dramatic observation that tells of a creative mission undertaken, the identity of the nation, and also the creation of a pure and eloquent prose style."—Elizabeth Hardwick, *Bartleby* in Manhattan
