Are you the pursuer or do you let men pursue YOU? The answer is the difference between you becoming a side toy for a man to play with or a girlfriend with a title and eventually a woman who any man would be eager to call his wife. Many of us modern 21st century women have been taught that in order to get a guy we have to go out there and snag him, trick him, tag him and drag him home. But that doesn't work -- at least not in the long run. Men are natural hunters. They won't always admit it, but they absolutely LOVE the chase. They want a woman who is interesting, confident and vocal. They want a woman who sets boundaries and keeps them on their toes. They want to earn a woman's love. This simple, easy-to-follow guide explains how you can shake off meaningless flings with men and start to attract men who are serious about you. What You'll Learn: * How to avoid Friends with Benefits and Booty Calls * How to recognize when a man is just toying with you * Why men love bad girls and strippers * The single most irresistible thing about a woman * What makes a man fall in love, I mean head over heels for you Love Lynn

Discover How to Get the Guy You Want and Avoid Dead-End Relationships If a man doesn't take you seriously he may feel compelled to have a good time with you. Unfortunately, this good time will last until you finally realize you're being taken for a ride or until Mr. Time-Waster moves on to the woman he REALLY wants. In cases like this, what a woman really requires are two things: a healthy amount of self-respect and a set of "player-proof" dating rules that will allow her to make wise dating decisions as she navigates the treacherous territory of finding Mr. Right. How to Keep a Man Interested Without Playing Games or Becoming His Doormat Many dating advice books for women tout the idea that a high level of confidence is key when dealing with men. However, while this is partially true, being confident, at least in regards to making a man pursue you, is pointless without understanding how to apply that confidence in various dating situations when dealing with men. A woman's confidence is communicated to a man by what she stands for and what she doesn't. Being able to confidently socialize with men, having confident body language, and illustrating confidence in your femininity will only go so far if you still allow men to have their way with your emotions, time, affections, body, and anything else for that matter. Self-confidence makes a woman more attractive, but unless it effects how she enforces her personal boundaries it won't do anything to keep a man interested in her for the long-term. How to Date a Man to Keep Him Calling and Falling For You Women with strong personal boundaries are principle-centered, not men-centered or romance-centered. To them, their personal values, such as giving and receiving unconditional love, are more important to them than needing to be with any one particular guy. When a woman has strong personal boundaries she doesn't make excuses because of a man's handsomeness, status, wealth, race, background, promises, sexual chemistry, etc. She sticks to her guns and refuses to settle for dating situations that might cause her distress or jeopardize her future happiness. This book was designed to show women how men appraise female behavior in order to determine a woman's level of self-respect and therefore, her value as a romantic partner. In it, you'll discover the timeless seduction secrets and dating rules for women that will help you avoid those dating mistakes that make could make a woman appear desperate, needy, commonplace, or even "unqualified" for a serious commitment to a great guy. Here's what you're going to learn inside: The most powerful form of male seduction that can KEEP a woman helplessly "addicted" to chasing a man. How to keep a man interested by doing the one thing MOST women are terrified of doing when they find a

How much more time will you waste with the wrong men? If you already have the perfect man in your life or are consistently meeting great men dating, this is NOT the book for you. But if you're like the majority of other good women out there who have had a run of men who don't respect you, don't care for you or don't put effort into you, then this book is absolutely for you. Deep down you know true, fulfilling love is out there for you. But after enough low-value relationships or dates, who's to blame you for starting to doubt it will ever happen for you. The result is you spend nights stuck in your head wondering if there is something wrong with you. You linger about why men can't or won't see your value. Make Him Desperate Quick, Easy Ways to Make Him Chase You and Beg to be Your Boyfriend We have all experienced the pain of meeting someone that we are romantically interested in, only for them to not reciprocate those feelings. But what if we could do things slightly differently in future and, as a result, get these same men to be the ones who are chasing us? Well that thought is precisely what we are going to explore over the course of this book. There's no need to feel like you need to be perfect in every way to attract any man you want. As long as you have the basics down, if there are a couple of things here and there that you don't get right then it shouldn't matter too much at all. The changes that we are going to talk about in this book, don't mean that you need to change who you are, what you like, or what you're interested in. You won't be pretending to be someone you're not. By following these simple changes in the way we act around men and talk to men, you will get them to not only be romantically interested in you far more often, you will also get them to actively crave your attention and chase you. This may sound a bit too good to be true, but it's incredible what the practical application of basic psychology can do and how much it can affect your interactions with the opposite sex. In fact, the things I am going to cover in this book are so simple, that you will be able to apply most of them on day one. So even if you already have a man who you're interested in and he's not giving you enough attention, you can begin to repair the damage and alter the way you are acting as soon as you finish this book.

Kyle and Kelsey Kupecky couldn't have dreamed a better love story for themselves had it been scripted by a bestselling novelist like Kelsey's mom, Karen Kingsbury. In fact, if you asked them, Kyle and Kelsey would name God as the author of their story. And they're glad they trusted him to write it for them. Unfortunately, too many girls hoping for their own happily-ever-after have taken matters into their own hands, chasing after boys when they should be chasing after God. And that inevitably leads to heartache, low self-esteem, and poor choices as girls give in to pressure from media and peers to look and act a certain way to attract guys. Kyle and Kelsey want girls to know that it's never too late to trust God with their love lives, that wherever they are, there's always hope for the future. Through their own story and the stories of others who long for love, they show girls how to put God first, how to value and protect their purity, how to deal with loneliness and bullying, and how to see themselves as God does--a one-in-a-million girl who deserves no less than God's best.
