Pretending to be Normal tells the story of a woman who, after years of self-doubt and self-denial, learned to embrace her Asperger's syndrome traits with thanksgiving and joy. Chronicling her life from her earliest memories through her life as a university lecturer, writer, wife and mother, Liane Holliday Willey shares, with insight and warmth, the daily struggles and challenges that face many of those who have Asperger's Syndrome. Pretending to be Normal invites its readers to welcome the Asperger community with open acceptance, for it makes it clear that, more often than not, they are capable, viable, interesting and kind people who simply find unique ways to exhibit those qualities. The last part of the book consists of a series of substantial appendices which provide helpful coping strategies and guidance, based on the author's own experience, for a range of situations. This positive and humane book will provide not only insight into the Asperger world which will prove invaluable for the professionals who work with people with Asperger's Syndrome, but also hope and encouragement for other people with Asperger's Syndrome, their families, and their friends.

The warm and hilarious bestselling memoir by a man diagnosed with Asperger syndrome who sets out to save his marriage. At some point in nearly every marriage, a wife finds herself asking, What the @#!% is wrong with my husband?! In David Finch's case, this turns out to be an apt question. Five years after he married Kristen, the love of his life, they learn that he has Asperger syndrome. The diagnosis explains David's ever-growing list of quirks and compulsions, but it doesn't make him any easier to live with. Determined to change, David sets out to understand Asperger syndrome and learn to be a better husband with an endearing yet hilarious zeal. His methods for improving his marriage involve excessive note-taking, performance reviews, and most of all, the Journal of Best Practices: a collection of hundreds of maxims and hard-won epiphanies, including "Don't change the radio station when she's singing along" and "Apologies do not count when you shout them." Over the course of two years, David transforms himself from the world's most trying husband to the husband who tries the hardest. He becomes the husband he'd always meant to be. Filled with humor and surprising wisdom, The Journal of Best Practices is a candid story of ruthless self-improvement, a unique window into living with an autism spectrum condition, and proof that a true heart can conquer all.

In this volume several of the major experts in the field discuss the diagnostic criteria of Asperger syndrome.

Based on his own life experiences, travels and meditations, Chris Mitchell reflects on how mindfulness practice can help people with Asperger's Syndrome (AS) with daily challenges including negative thought patterns, emotional and sensory issues, and navigating the social

Where To Download Living With Aspergers

world. This practical handbook provides advice and instruction on adopting a mindful way of living to help tune in to the present moment and each chapter provides step-by-step mindfulness exercises that allow individuals with AS to overcome obstacles through awareness. Included are breathing exercises, simple yoga stretches, sitting, standing and walking meditations, visualisations, and easy ways to incorporate mindfulness techniques into everyday activities such as eating, brushing your teeth or doing the dishes. By teaching how to live mindfully moment to moment, this book gives people with Asperger's Syndrome the key to relieving stress, increasing awareness, and living a healthier and happier life.

Navigating the "neurotypical" world with Asperger syndrome or high-functioning autism (AS/HFA) can be extremely stressful. But by understanding the specific ways your brain works differently--and how to tap into your personal strengths--you can greatly enhance your well-being. In this wise and practical book, experienced therapist Valerie L. Gaus helps you identify goals that will make your life better and take concrete steps to achieve them. Grounded in psychological science, the techniques in this book help you: *Learn the unspoken rules of social situations.*Improve your communication skills.*Get organized at home and at work.*Manage anxiety and depression.*Strengthen your relationships with family and friends.*Live more successfully on your own or with others. A wealth of stories, questionnaires, worksheets, and concrete examples help you find personalized solutions to problems you are likely to encounter. You can download and print additional copies of the worksheets for repeated use. Of special note, the Introduction was updated in 2017 with the latest information on how autism spectrum disorder is defined in DSM-5. Finally, a compassionate, knowledgeable, positive guide to living well on the spectrum.

If you're in a relationship with someone who has Asperger's syndrome, it's likely that your partner sometimes seems cold and insensitive. Other times, he or she may have emotional outbursts for no apparent reason. And in those moments when you can't understand each other at all, you both feel fed up, frustrated, and confused. The behavior of people with Asperger's can be hard to understand and easy to misinterpret, which is why it's so important to learn more about your partner's condition. The tools presented in Loving Someone with Asperger's Syndrome will help you build intimacy and improve the way you and your partner communicate. Filled with assessments and exercises for both you and your partner, this book will help you forge a deeper, more fulfilling relationship. This book will teach you how to:

- Understand the effect of Asperger's syndrome on your partner
- Practice effective communication skills
- Constructively work through frustrations and fights
- Establish relationship ground rules to help you fulfill each others' needs

Shape your way in the world and overcome any challenge! Living on your own for the very first time can be exciting yet nerve-wracking--you'll search for roommates, interview for jobs, manage finances, and form relationships. But adjusting to this new life can seem especially difficult when you're on the Autism Spectrum. Drawing on her experiences, Lynne Soraya, one of ThAutcast.com's Most Inspiring Autistic People and author of Psychology Today's Asperger's Diary, will provide you with valuable advice as she guides you through each step of your transition into adulthood. These real-life strategies will help you cope with the feelings brought on by this change as well as deal with common challenges, like: Budgeting and handling bills. Finding the right residence and/or roommates. Discovering a career path that complements your talents. Interacting with coworkers and clients. Building relationships with friends and potential partners. With Living Independently on the Autism Spectrum, you will gain the confidence, support, and guidance you need to finally experience life on your own.
