Read Free Modern Middle East A History Gelvin

This hugely successful, ground-breaking book is the first introductory textbook on the Modern Middle East to foreground the urban, rural, cultural and women's histories of the region over its political and economic history. Ilan Pappé begins his narrative at the end of the First World War with the Ottoman heritage, and concludes at the present day with the political discourse of Islam. Providing full geographical coverage of the region, *The Modern Middle East*: opens with a carefully argued introduction which outlines the methodology used in the textbook provides a thematic and comparative approach to the region, helping students to see the peoples of the Middle East and the developments that affect their lives as part of a larger world includes insights gained from new historiographical trends and a critical

Read Free Modern Middle East A History Gelvin

approach to conventional state- and nation-centred historiographies includes case studies, debates, maps, photos, an up-to-date bibliography and a glossarial index. This second edition has been brought right up to date with recent events, and includes a new chapter on the media revolution and the effect of media globalization on the Middle East, and a revised and expanded discussion on modern Iranian history.

A History of the Modern Middle East offers a comprehensive assessment of the region, stretching from the fourteenth century and the founding of the Ottoman and Safavid empires through to the present-day protests and upheavals. The textbook focuses on Turkey, Iran, and the Arab countries of the Middle East, as well as areas often left out of Middle East history—such as the Balkans and the changing roles that Western forces have

played in the region for centuries—to discuss the larger contexts and influences on the region's cultural and political development. Enriched by the perspectives of workers and professionals; urban merchants and provincial notables; slaves, students, women, and peasants, as well as political leaders, the book maps the complex social interrelationships and provides a pivotal understanding of the shifting shapes of governance and trajectories of social change in the Middle East. Extensively illustrated with drawings, photographs, and maps, this text skillfully integrates a diverse range of actors and influences to construct a narrative that is at once sophisticated and lucid. *A History of the Modern Middle East* highlights the region's complexity and variation, countering easy assumptions about the Middle East, those who governed, and those they

governed—the rulers, rebels, and rogues who shaped a region.

Combining elements of comparative politics with a country-by-country analysis, author David S. Sorenson provides a complete and accessible introduction to the modern Middle East. With an emphasis on the politics of the region, the text also dedicates chapters specifically to the history, religions, and economies of countries in the Persian (Arabian) Gulf, the Eastern Mediterranean, and North Africa. In each country chapter, a brief political history is followed by discussions of democratization, religious politics, women's issues, civil society, economic development, privatization, and foreign relations. In this updated and revised second edition, *An Introduction to the Modern Middle East* includes new

Read Free Modern Middle East A History Gelvin

material on the Arab Spring, the changes in Turkish politics, the Iranian nuclear issues, and the latest efforts to resolve the Israeli-Palestinian dilemma. Introductory chapters provide an important thematic overview for each of the book's individual country chapters and short vignettes throughout the book offer readers a chance for personal reflection.

In the wake of 11 September 2001, there has been much talk about the inevitable clash between "East" and "West." This book presents an alternative approach to understanding the genealogy of contemporary events. By taking students and the general reader on a guided tour of the past five hundred years of Middle Eastern history, this book examines how the very forces associated with global "modernity" have shaped social, economic, cultural, and political life in the

Read Free Modern Middle East A History Gelvin

region. Beginning with the first glimmerings of the current international state and economic systems in the sixteenth century, *The Modern Middle East: A History* explores the impact of imperial and imperialist legacies, the great nineteenth-century transformation, cultural continuities and upheavals, international diplomacy, economic booms and busts, the emergence of authoritarian regimes, and the current challenges to those regimes on everyday life in an area of vital concern to us all. Engagingly written, drawing from the author's own research and other studies, and stocked with maps and photographs, original documents and an abundance of supplementary materials, *The Modern Middle East: A History* will provide both novices and specialists with fresh insights into the events that have shaped history and the debates about them that have absorbed historians.

Read Free Modern Middle East A History Gelvin

A History of the Modern Middle East examines the profound and often dramatic transformations of the region in the past two centuries, from the Ottoman and Egyptian reforms, through the challenge of Western imperialism, to the impact of US foreign policies. Built around a framework of political history, while also carefully integrating social, cultural, and economic developments, this expertly crafted account provides readers with the most comprehensive, balanced and penetrating analysis of the modern Middle East. The sixth edition has been revised to provide a thorough account of the major developments since 2012, including the tumultuous aftermath of the Arab uprisings, the sectarian conflict in Iraq and civil war in Syria that led to the rise of ISIS, the crises in Libya and Yemen, and the United States' nuclear talks with Iran.

With brand-new timelines in each part, updated select bibliographies, and expanded online instructor resources, *A History of the Modern Middle East* remains the quintessential text for courses on Middle East history.

This timely study synthesizes past history with the major military events and dynamics of the 20th- and 21st-century Middle East, helping readers understand the region's present—and look into its future.

- Presents the evolution of combat and military thought in the region from ancient times into the contemporary era, summarizing the impact of the ancient and medieval worlds on the modern Middle East
- Provides a synthesis of Middle Eastern politics, geo-strategy, and military operations
- Discusses key religious and cultural dynamics that have driven events in the region
- Focuses on pivotal

moments as catalysts for change in the region • Examines the nexus between elite interests, factionalism, and the problem of development as it relates to conflict and military decision making

Many students learn about the Middle East through a sprinkling of information and generalizations deriving largely from media treatments of current events. This scattershot approach can propagate bias and misconceptions that inhibit students' abilities to examine this vitally important part of the world. *Understanding and Teaching the Modern Middle East* moves away from the Orientalist frameworks that have dominated the West's understanding of the region, offering a range of fresh interpretations and approaches for teachers. The volume brings together experts on the rich intellectual, cultural, social, and political history of the Middle

East, providing necessary historical context to familiarize teachers with the latest scholarship. Each chapter includes easy- to-explore sources to supplement any curriculum, focusing on valuable and controversial themes that may prove pedagogically challenging, including colonization and decolonization, the 1979 Iranian revolution, and the US-led “war on terror.” By presenting multiple viewpoints, the book will function as a springboard for instructors hoping to encourage students to negotiate the various contradictions in historical study.

The Modern Middle East is a themed collection of translated sources covering official and private archives, the periodical press, memoirs, western journalists' and travellers' accounts, literature, and official reports. Each document is presented and put in its historical context by an expert,
