A memoir of formative years spent on a series of communes: A "wonderful account of a frankly ghastly childhood . . . Hilarious and heartbreaking" (Daily Mail). At the age of six, Tim Guest was taken by his mother to a commune modeled on the teachings of the notorious Indian guru Bhagwan Shree Rajneesh. The Bhagwan preached an eclectic doctrine of Eastern mysticism, chaotic therapy, and sexual freedom, and enjoyed inhaling laughing gas, preaching from a dentist's chair, and collecting Rolls Royces. in orange, and encouraged to surrender themselves into their new family. While his mother worked tirelessly for the cause, Tim—or Yogesh, as he was now called—lived a life of well-meaning but woefully misguided neglect in various communes in England, Oregon, India, and Germany. In 1985 the movement collapsed amid allegations of mass poisonings, attempted murder, and tax evasion, and Yogesh was once again Tim. In this extraordinary memoir, Tim Guest chronicles the heartbreaking experience of being left alone on earth while his mother hunted heaven. “An intelligent, wry, openhearted memoir of surviving a childhood and a cultural phenomenon that were both extraordinary.” —Booklist (starred review)

Traces the author's experiences of being relocated at the age of six to the commune of notorious Indian guru Bhagwan Shree Rajneesh, where he was given a Sanskrit identity; was subjected to a lifestyle based on an eclectic doctrine of eastern mysticism, chaotic therapy, and sexual freedom; and witnessed the movement's eventual collapse amid allegations of poisonings, murder, and tax evasion. Original. 25,000 first printing.

In 1981 Tim Guest was taken by his mother to a commune in a small village in Suffolk. It was modelled on the teachings of the famous Indian "guru", Bhagwan Shree Rajneesh, who preached an eclectic doctrine of Eastern

mysticism, chaotic therapy and sexual freedom. Both were given Sanskrit names, dressed entirely in orange and instructed to completely abandon their former identities. Tim - or Yogesh, as he was now known - spent the rest of his childhood in Bhagwan's various communes in England, Oregon, Pune and Cologne. While his mother meditated, chanted and ran therapy groups, Yogesh lived a life of unsupervised freedom, occasionally catching glimpses of the strange behaviour of the adults around him. In 1985 the movement collapsed after Bhagwan's arrest and Yogesh was once again Tim, about to start life at a secondary school in North London, alone with the secret of his extraordinary childhood. In his first book, now in a new edition, Guest describes the other-worldly experience of growing up in an environment of unsupervised freedom and often disturbing adult behaviour.

One of the benefits of social media is getting to meet the parents of special needs children and adults. I have grown to know and truly admire these brave people. Our solitary journeys have taken many different roads, yet we've all connected on sites like Facebook, Twitter, and other forums. The support we give each other is a lifeline-an opportunity to not only share the joys our sons and daughters bring into our lives, but also the chance to rant about the frequent injustices we meet head on. I am honoured to have 'met' so many fantastic Warrior Mums from around

the world, so honoured that I decided to feature some of their stories in a blog series, which I have now reproduced in this book. These mums will inspire you, just like they have me, these brave women who share their stories from childhood to motherhood and reveal far more than they normally would, in the hope their stories will help others.

This is a story about a young boy named Tim Hartwell who lives in Tenby, Pembrokeshire in Wales. He learns about his family's magical past from his mother, Mary. Later, after learning and wondering about his past, he meets two Wyvern gargoyles who guide him to seven Galon Keys. The keys protect him through a parallel world in Wales called Selwyn's Chancer. Once there, he must avoid a beast named Stratford Hartwell who wants the power of the Galon Keys and the Book of Hartwell for himself.

The Alpha Book will explain the traits of an alpha, including charisma, the process of making strong and rightful decisions, how to best communicate with others at multiple levels, and how to turn your daily actions into fruitful prospects. Each of these traits is going to be explained in separate chapters, followed by examples of how to develop them in a creative way and apply them in your day-to-day activities.

As a mom of two little boys, I was inspired

to share humorous stories of my two sons through their toddler years (which are not yet quite over). This book contains twenty two pages of hand-drawn illustrations showcasing a mother of two little boys coming to the realization she can't have nice things, at least for a little while. While names have been changed to protect the "innocent", these stories are all true. The books ends on a sweet note that all parents share, that sacrificing nice things for our sweet children really isn't difficult at all.

My purpose for writing this book is to leave a legacy of a man who was truly remarkable. My journal consists of the 30 odd years we spent together, all the adventures and travels.
