Standard Operating
Procedures Dispensing
How you achieve those goals
is where standard operating
procedures come in. At check-
in, you swipe someone's ID.
If they're 21, you direct
them into the store. That's
an example of the first
basic cannabis dispensary
standard operating procedure
in relation to check-in and
registration. Processes that
need well-defined SOPs
include: Inventory

Not only do Standard operating procedures clarify the expectations of a company, but they also assist employees to perform their duties in a manner that conforms with the set regulations. Furthermore, they can also shield the business owner in the event there is a compliance violation due to an employee's mistake.
