Your students join Lola Lago, a private detective in Madrid, as she investigates the theft of jewelry from dona Gracia. And no one can find Maria! This 10-episode "whodunit" is easily comprehensible to first-year Spanish students. It is recommended that students begin viewing the video in the middle of the first year. Filmed in Madrid, each episode is approximately eight minutes in length. The VHS package contains 5 cassettes and the DVD package contains 2 discs. Each package includes the Teacher's Video Guide with videoscripts and teaching suggestions. The activities in the Eres tu, Maria? Video Workbook are different than those in the REALIDADES B or I Student Edition.

Legendary actress Brigitte Bardot led fashion revolutions throughout her career; this retrospective includes BB's comments on her iconic style in a rare, intimate interview. Brigitte Bardot is a style icon whose legacy has undeniably shaped the face of fashion as we know it. She was discovered by a magazine editor at only 14 years old, her career blossomed as the world emerged from the ashes of World War II. She found fame and admiration on the big screen in the 1950s and then became the fiery sex symbol of the groovy and liberated 1960s. Over the course of her career, all of the great French designers—including Christian Dior, Pierre Balmain, and Pierre Cardin—outfitted Bardot on- and offscreen. In photographs that capture her attending receptions by Queen Elizabeth II and Charles de Gaulle or on glamorous visits to the United States, in fashion shoots and on film sets, or relaxing on a grassy field, this volume illustrates all the key looks that BB wore and brought to the international spotlight as she invented and edited her own highly imitated style. In an extensive—and extremely rare—interview, accompanied by her personal comments on the photographs, Bardot explains the context of the often vanguard fashions she wore, making headlines wherever she went. Evoking French style and the glamour of St. Tropez, her legacy endures—from ballerina slippers with sweeping skirts to figure-hugging knitwear,ingham fabrics and gypsy dresses, Kohl eyeliner and tousled hair.

Now in its fifth edition, Reading Pathways (with help fromDewey the Bookworm!) offers an easy-to-use, highlyeffective approach to teaching reading accuracy and fluency tostudents of all ages, using a unique pyramid format. Reading pyramids begins with one word, and slowly build intophrases and sentences of gradually increasing complexity. As thestudent moves from the pinnacle to the base of each pyramid, thephrase or sentence becomes a more interesting and expansive, andthe student's confidence grows with each line completed.Progressively building up the amount of text per line increases eyespan, strengthens eye tracking, and develops reading fluency. Thebook also features more challenging multi-syllable word pyramidexercises and games to further develop fluency and vocabulary.Learning to read long words by syllables removes the fear andmystique of multi-syllable words and helps students build thestrong vocabulary so critical for success in reading andwriting. Thirteen-year-old Jon and his eleven-year-old sister, Tania, are typical kids—except Tania can communicate with ghosts. Their parents also happen to be the producers of a ghost-hunter television show—and have no idea one of their own kids can see ghosts. In The Ghost on the Stairs, the brother-sister duo join forces to help reunite a newlywed couple from beyond the grave. In The Riverboat Phantom, Jon and Tania try to help the ghost of a steamboat worker find peace at last—and find more than they bargained for on the river!

A systematic, phonics-based early reading program that includes: the most practice for every skill, decodable readers for every skill, and reinforcement materials–help struggling students succeed in the regular classroom

Modern Spanish Grammar Workbook is an innovative book of exercises and language tasks for all learners of European or Latin American Spanish. The book is divided into two sections: * Section 1 provides exercises based on essential grammatical structures * Section 2 practises everyday functions such as making introductions and expressing needs A comprehensive answer key at the back of the book enables you to check on your progress. Modern Spanish Grammar Workbook is ideal for all learners of European or Latin American Spanish including undergraduates taking Spanish as a major or minor part of their studies, as well as intermediate and advanced students in schools and adult education. It can be used independently or alongside Modern Spanish Grammar, also published by Routledge.

Coquito is an educational and scientific instructional book through which more than 38 million Spanish-speaking children have learned to read, write and think. Coquito is conceived and structured in 54 sequential lessons, with which the child is able to start reading and writing, opening a future of intellectual and emotional potential that raises their awareness and self-esteem. This provides great satisfaction to teachers and parents because the students' reading comprehension is high. The "Reading by Words Method", created with the book Coquito Clásico, is built on the children's vocabulary and on the unique feature of the Spanish language that is read as it is written and written as it is spoken, unlike other languages, whose phonetic complexity is remarkable. It is therefore not advisable to teach how to read in Spanish using methods from other languages such as English and French because it will extend the learning process up to fifteen months for what can be accomplished in three months using our method. The constant interest of the author and his team of specialists is to restructure and update the book according to the improvements and suggestions from teachers who use Coquito with remarkable success, exceeding expectations in most Spanish-speaking countries. Coquito Clásico brings graphic colored themes, illustrated with captivating visuals that engage and develop the child's imagination. This initiates the process of oral expression and reading as well as writing and mathematics. We thank the teachers and parents for using our materials, and we guarantee that they have chosen a method of proven quality and excellence that develops mental processes, taking into account the linguistic features of the Spanish language.
