Discourse and Language Education is part of the Cambridge Language Teaching Library series. Discourse analysis describes how such communication is structured, so that it is socially appropriate and linguistically accurate. This book gives practical experience in analyzing discourse and the study of written language. The analyses show the ways we use linguistic signals to carry out our discourse goals and the differences between written and spoken language as well as across languages. This text can be used as a manual in teacher education courses and linguistics and communications courses. It will be of great interest to second language teachers, foreign language teachers, and special education teachers (especially those involved with the hearing impaired).

since 1989. Prior to founding Lightbulb Learning Services, which specializes in the alignment of curriculum to academic standards, literacy development, and classroom/school leadership, she has led standards and curriculum development projects for the Education Trust, Edison Schools, Inc. (formerly the Edison Project) and standards development efforts for the Council for Basic education. In addition to experience in education policy, Ms. Stempel has also taught literature in the International Baccalaureate program for many years and has happily lived the harried and stimulating life of a classroom teacher. Ms. Stempel's prior publications include, *Gaining Traction*, *Gaining Ground: How Some High Schools Accelerate Learning for Struggling Students*, *Standards for Excellence in Education* (contributor), *Where in the World Are We? The Need for International Benchmarking*, *Six Case Studies of Performance Assessment*, and *Standards: A Vision for Learning*. Many years ago, Ms. Stempel completed a B.A. in English from Carnegie Mellon University and an M.A. in Liberal Studies (with concentrations in literature and history) from Georgetown University.

This book contributes to the innovation of writing education and research globally by providing crucial insights into how the structures and aims of literacy curricula vary internationally. It examines how nine education systems across five continents represent 'good writing' in curricula that shape students' experiences learning to write in school. The book presents curricular analyses aimed at providing insight into how writing development can be better

supported through innovative policy and research. The findings regarding international variation are presented under three broad dimensions: social and contextual factors that shape writing curricula; the discourses of writing reflected in curricula and official documents; and hallmarks of classroom practice, including the relationship with official discourse. Case study chapters present integrated inductive and deductive document analyses, findings of which are compared in a concluding, cross-case analysis chapter. Offering a detailed comparative analysis of writing research, *International Perspectives on Writing Curricula and Development* will be of great interest to academics, researchers and students in the fields of education, literacy and curriculum studies. It will also be relevant reading for policymakers and curriculum designers.

Study Writing is for students at intermediate level and above who need to develop their writing skills and write better academic essays, projects, research articles or theses. Study Writing encourages students to develop their writing strategies, seek feedback on their own writing and analyse expert writers' texts in order to become more reflective and effective writers. Study Writing helps learners to write more effectively by: - introducing key concepts in academic writing such as the role of generalizations and definitions and the application of principles like the Clarity Principle and the Honesty Principle - exploring the use of information structures, including those used to develop and present an argument - familiarizing learners with the characteristics of academic genre - analysing the grammar and vocabulary associated with these aspects of academic writing - offering practice in processes and strategies known to help learners improve their academic writing. The book contains a full answer key and helpful teaching notes. This second edition has been updated to reflect modern thinking in the teaching of writing, to include more recent texts in the disciplines presented and to take account of new media and the growth of online resources.
