Veronesi is a skilled writer who can bring both action scenes (the strong opening scene for example) and multi-layered introspective scenes to a good end (a bit like Tim Parks); he's a clever narrator who offers more than a funny story.

~~Quiet Chaos by Sandro Veronesi - Goodreads~~

The winner of the Strega Prize, Italy's top literary award, and the basis of an internationally acclaimed motion picture, Quiet Chaos is now available in America. Author Sandro Veronesi, whose work has been glowingly compared to the novels of Ian McEwan and Martin Amis, dazzles with this powerfully compelling, often darkly funny story of a television producer whose world is misshapen by ironic tragedy.

Italian novelist, essayist, and journalist. After earning a degree in architecture at the University of Florence, he opted for a writing career in his mid to late twenties. Veronesi published his first book at the age of 25, a collection of poetry (*Il resto del cielo*, 1984) that has remained his only venture into verse writing.

~~Sandro Veronesi - Wikipedia~~

"Quiet Chaos" is an exquisitely written book about human interaction and motivation that just misses brilliance. If you want the brilliance w/o the self indulgence, you just need to skip over three chapters--one mind-numbing dream, one drug-addled opium-induced vision, and one nothing-that-anyone-needed-to-read about aggressive anal sex encounter.

Ian McEwan and Martin Amis, dazzles with this powerfully compelling, often darkly funny story of a television producer whose world is misshapen by ironic tragedy. An unforgettable contemporary fable about stepping out of life after it cruelly turns everything upside-down, and finding a resolution to the unsolvable problem of loss in the beauty and strangeness of the everyday, Quiet Chaos is another literary wonder from the author of The Force of the Past.

A sophisticated psychological novel from one of Europe's most exciting writers. "Are you an unhappy man?" That's what the journalist said to me. It was her last question.' Gianni Orzan has no reason to feel unhappy. He has just been awarded a prize for his children's writing and a cheque for fifteen million lire. He is blissfully married to Anna and is a doting father to an eight-year-old son, Franceschino. He loves film and is an avid chess player. He is a man in complete control of his life. But when Gianni leaves the award ceremony, a chain of events are set in motion that will shatter this perfect life. In an uncharacteristically rash moment he accepts a ride from an unlicensed cab driver. As soon as the car pulls off he feels unnerved. At the first set of lights the driver turns, smiles at Gianni, a pistol butt poking from his belt, and says - 'So, Franceschino has finally learned to ride his bicycle...'. Gianni bolts from the cab. But it's too late; in this briefest of moments the serenity of Gianni Orzan's life has been destroyed. Later, after he has sent his wife and son to stay with family, the same cab driver appears at his door and introduces himself as Gianni's father's oldest friend. He certainly talks accurately about Gianni's father, who died less than a fortnight ago. In fact, he seems to know much more about Gianni's respectable, pious father than Gianni ever did, or perhaps ever wants to. Reminiscent of Ian McEwan's 'Enduring Love', 'The Force of the Past' is a breathtakingly

Read Book Quiet Chaos Sandro Veronesi

clever and entirely gripping story of how a calm, ordinary life can rapidly unravel.

From the author of the acclaimed *The Curiosity* comes a compelling and moving story of compassion, courage, and redemption. Deborah Birch is a seasoned hospice nurse whose daily work requires courage and compassion. But her skills and experience are tested in new and dramatic ways when her easygoing husband, Michael, returns from his third deployment to Iraq haunted by nightmares, anxiety, and rage. She is determined to help him heal, and to restore the tender, loving marriage they once had. At the same time, Deborah's primary patient is Barclay Reed, a retired history professor and expert in the Pacific Theater of World War II whose career ended in academic scandal. Alone in the world, the embittered professor is dying. As Barclay begrudgingly comes to trust Deborah, he tells her stories from that long-ago war, which help her find a way to help her husband battle his demons. Told with piercing empathy and heartbreaking realism, *The Hummingbird* is a masterful story of loving commitment, service to country, and absolution through wisdom and forgiveness.

'Masterly: a cabinet of curiosities and delights, packed with small wonders' IAN MCEWAN 'Pulls off the extraordinary feat of making you believe he is writing for your ears alone' HOWARD JACOBSON 'A remarkable accomplishment, a true gift to the world' MICHAEL CUNNINGHAM 'Ardent, gripping, and inventive to the core' JHUMPA LAHIRI 'A spellbinding experience: clever, funny and deeply moving' RODDY DOYLE 'See, Dad? We're off to a very good start. The Man of the Future is a woman' Marco Carrera is 'the hummingbird,' a man with the almost supernatural ability to stay still as the world around him continues to change. As he navigates the

Read Book Quiet Chaos Sandro Veronesi

challenges of life - confronting the death of his sister and the absence of his brother; taking care of his parents; raising his granddaughter; coming to terms with his love for the enigmatic Luisa - Marco Carrera comes to represent the quiet heroism that pervades so much of our everyday existence. A surprising and deeply moving reinvention of the family saga, this is a thrilling novel about the need to look to the future with hope and live with intensity to the very end.

"When a young married couple hire a middle-aged widow during the wife, Nora's, difficult pregnancy, they don't realize the dominating force she will become in their small family. Signora A--maid, nanny, and confidante--becomes the glue in their household, and over time, the steady and loving presence whose benign influence allows them to negotiate the complexities of married life. But the delicate fabric of the young family comes undone when Signora A is diagnosed with lung cancer. After she becomes too sick to work, both husband and wife feel the strain of her absence. Moving seamlessly between the past and present, Giordano weaves together the layers of Signora A's devotion and sacrifice--from her early experiences of love during a tragically short marriage, to her adoration of her new surrogate family. Highlighting the joy of youth and the fleeting nature of time with remarkable precision and lyricism, Paolo Giordano gives us a meditation on life, death, and the relationships we build in between. Like Family is not a simple love story; it's a story about love in its many forms, and how a capacity for love can give meaning to any existence, no matter how ordinary."--

A thirteen-year-old boy spending the summer at a Tuscan seaside resort feels displaced in his beautiful widowed

Read Book Quiet Chaos Sandro Veronesi

mother's affections by her cocksure new companion and strays into the company of some local young toughs and their unsettling leader, a fleshy older boatman with six fingers on each hand. Initially repelled by their squalor and brutality, repeatedly humiliated for his well-bred frailty and above all for his ingenuousness in matters of women and sex, the boy nonetheless finds himself masochistically drawn back to the gang's rough games. And yet what he has learned is too much for him to assimilate; instead of the manly calm he had hoped for he is beset by guilty curiosity and an urgent desire to sever, at any cost, the thread of troubled sensuality that binds him to his mother still. Alberto Moravia's classic and yet still startling portrait of innocence lost was written in 1941 but rejected by Fascist censors and not published until 1944, when it became a best seller and secured the author the first literary prize of his career. Revived here in a sparkling new translation by Michael F. Moore, Agostino poised to enthrall and astonish a twenty-first-century audience.

The bestselling author of *I'm Not Scared* "elegizes adolescence fiercely and sympathetically" in a novel that's "scary, lovely and at last a heartbreaker" (Kirkus Reviews). Lorenzo Cuni is a fourteen-year-old loner. His wealthy parents think he is away on a school skiing trip, but in fact he has stowed away in a forgotten cellar. For a week he plans to live in perfect isolation, keeping the adult world at bay. Then a visit from his estranged half-sister, Olivia, changes everything. Evoking the fierce intensity and the pulse-quickenning creepiness of *I'm Not Scared*, Ammaniti's bestselling first novel, *Me and You* is a breathtaking tale of alienation, acceptance, and wanting to be loved by "a fearsomely gifted writer" (The Independent). "Immensely engaging . . . Both tender and emotionally arresting, Ammaniti's novel is unforgettable." —Publishers Weekly,

Read Book Quiet Chaos Sandro Veronesi

starred review “Italian author Niccolò Ammaniti does a lot in 160 pages, including surprise, humor, and frighten you—sometimes simultaneously.” —Daily Candy “Ammaniti’s prose is nimble, perceptive and economical . . . There’s a lot to love about this book—its reticent empathy, its delicate and pragmatic treatment of addiction, its remarkable use of restricted physical space.” —Full Stop “Me and You takes a short time to read but offers a memorable experience in a mutual recognition of loneliness and grief.” —Curled Up With a Good Book “Me And You, at just over one hundred pages . . . [is a] perfect book . . . Niccolò Ammaniti disgusts me for how talented he is . . . He has written a masterpiece.” —Antonio D’Orrico, Corriere della Sera

Inspector Giacomo Amaldi is confronted with a series of murders whose victims are mutilated, the only common element being the use of taxidermist thread to stitch up the wounds. Set in a city much like Genoa this is a page turner that fascinates less by its evocation of horror than by the suspenseful plotting and the humanity of the protagonists. A film verison is due to be released in Italy in January 2005.

This cultural history of Mussolini's dictatorship discusses the meanings of modernity in interwar Italy. The work argues that fascism appealed to many Italian intellectuals as a new model of modernity that would resolve the European and national crises.
