This important to note: for intermediate and advanced athletes, the rep range is always prescribed by programming, when the coach develops the training cycle. Different rep ranges target different systems; doing an all out set of 3 reps is not the same as doing an all out set of 10 reps.

RTS Basics Reactive Training Systems

All of Laddie ' s training was done using an RPE system to auto-regulate the weight on the bar. This way, on good days he could use heavier weights. On bad days, he could reduce the weight to an appropriate level. His main lifts were trained by working up to an 8 RPE and repeating this load for multiple additional sets.
