What is a rubric? A rubric is a coherent set of criteria for student work that describes levels of performance quality. Sounds simple enough, right?

Unfortunately, rubrics are commonly misunderstood and

misused. The good news is that when rubrics are created and used correctly, they are strong tools that support and enhance classroom instruction and student learning. In this comprehensive guide, author Susan M. Brookhart identifies two

components of effective rubrics:
(1) criteria that relate to the learning (not the "tasks") that students are being asked to demonstrate and
(2) clear descriptions of performance across a continuum
