Description In many ways, the Sansui Seven is a culmination of our long experience and arduous research in the design and manufacture of quality audio-only equipment. It's tuner section combines a FET equipped super sensitive FM front end and an IC-equipped FM IF amplifier which ensures outstanding FM selectivity and superb tone quality.

The Sansui Six is one of my favorite vintage receivers. It is a real sleeper. It is similar to the Sansui Seven. And the little brother of the Sansui Eight Deluxe. It is very well build (12kg), look gorgeous with the aluminium front plate and woodcase.

Sansui Six AM/FM Stereo Receiver Manual | HiFi Engine

Manual Library / Sansui. Sansui TU-9900. AM/FM Stereo Tuner (1975-79) (3 reviews) Description. The TU-9900 is designed to match the superb performance of the AU-9900 and AU-11000 amplifiers. It features 3 dual-gate MOS FET, switchable sensitivity, signal generator and a low pass filter.

the evolution of Japanese garden art. Its depth and much-needed emphasis on a practical context for garden creation will appeal to art and literary historians as well as scholars, students, and appreciators of garden and landscape art, Asian and Western."--BOOK JACKET.

Contains "Records in review."

The Art of War is an enduring classic that holds a special place in the culture and history of East Asia. An ancient Chinese text on the philosophy and politics of warfare and military strategy, the treatise was written in 6th century B.C. by a warrior-philosopher now famous all over the world as Sun Tzu. Sun Tzu's teachings remain as relevant to leaders and strategists today as they were to rulers and military generals in ancient times. Divided into thirteen chapters and written succinctly, The Art of War is a must-read for anybody who works in a competitive environment.

This book explores the phenomenon of Independence Days. These rituals had complex meanings both in the territories concerned and in Britain as the imperial metropole, where they were extensively reported in the press. The text is concerned with the political management, associated rhetoric and iconography of these seminal celebrations. The focus is therefore very much on political culture in a broad sense, and changing perceptions and presentations over time. Highlights of the book include an overview by David Cannadine relating the topic to ornamentalism, invented tradition and transitions in British culture. Although the book is mainly concerned with the British Empire, Martin Shipway – a leading historian and cultural analyst of French decolonization – contributes an acute summary of how the same ‘ moment ’ was handled differently in the other great European empires. There are detailed and lively studies by noted specialists of the immediate coming of Independence to India/Pakistan, Malaya, Ghana, Zimbabwe, and Guyana. The book includes a thematic focus on the important role of representatives of the British monarchy in legitimating transfers of sovereignty at their point of climax. This book was published as a special issue of The Round Table.
