in the law that effect  
an architect's work. A  
key addition is a  
greatly expanded  
section on  
adjudication - a topic  
that has become  
hugely important in  
the last few years.  
The book also builds  
on the comprehensive  
coverage of all UK  
law, with editors for  
Scotland and

belts by looking both backwards and forwards. They were introduced in the mid-twentieth century to try and stop cities merging together as they grew. There is little doubt they have been very effective at doing that, but at what cost? Are green belts still the answer to today's problems of
