Professors have several ways to use case studies in the classroom. The first way is as an adjunct to normal lectures. A lecture might discuss a certain facet of business, and the case study can be used to backup the information learned in the lecture.

What Exactly is a Case Study? | UniversalClass

NIC is developing – and supporting the development – of case studies that we plan to publish and help disseminate in the coming year. The cases are designed to provide valuable information about and actionable insights into how interoperability, data-sharing and advanced technologies are being used across domains to address pressing local, regional and national concerns.
