“As a financial advisor, I recommend this book to anyone wanting to learn the Wall Street stock market game and build wealth.”—Cheryl D. Broussard, reader and financial advisor Learn how to make the best of your investment with Stock Market Investing for Beginners.

As an investor, the stock market offers you the opportunity to increase your income without taking on the high risks that are usually associated when venturing in other businesses. By selling stocks, the company raises capital and is able to expand itself exponentially. Therefore, as an investor, when you purchase shares of a company, you have

Increased the worth of the company. Thus it's a win-win situation for both investor and owner. The negative risk associated with the stock market can be small or large, but it all depends on the number of shares of stock that you, as an investor, have bought. Therefore, if a company's stock shares lose value, the stocks you have bought also loses value, and if you decide to sell your stocks when the value is low, you will have incurred a loss. I will show you how you can minimize your risks and show you different ways in which investors are not only making money, but are also building with the stock market.

A former janitor and gas station attendant in Vermont, who died a few years ago, surprised everyone by leaving an \$8 million fortune to his local library and hospital. What was his secret, everyone wondered? And the answer turned out to be pretty basic. Because, besides being industrious and frugal, which you may have guessed, he had invested in the stock market throughout the years. This is actually not as surprising as it may sound. According to a recent World Wealth Report, the wealthy invest the largest part of their money into stocks and businesses. Our wise janitor had simply done what the wealthy do. So he got a similar result. That is, he grew his money into

considerable wealth. And you can do this too. Now, we aren't saying you will make \$8 million. After all, this is a beginners book and the janitor had an extraordinary result. But stock market investing is one of the best tools you can use to build a more secure financial future for you and your family. So are you someone who wants to make money in the stock market? And does that story make you feel excited? Have you tried to understand the stock market, only to be discouraged by how complicated it all seems? And aren't you just a little bit encouraged that an ordinary person, like our janitor from Vermont, could invest in stocks and succeed? If you answered yes to any of those

Trade after trade that they simply give up and buy mutual funds. By doing so, they leave their portfolio's fortunes in the hands of an 'expert.' Talk about leaving a lot of money on the table. Seriously. If you park all your investment cash in a mutual fund, you are missing out on SPECTACULAR GAINS. Sure, you can 'coast' on an annual gain slightly north or south of 10 to 15 percent but if you were to trade your own account, you can earn many times more than that. Just how much more can your retirement investment grow if you managed it more actively? How does 1 to 2 percent per day sound? This is possible with active trading. Indeed, this is possible with the information

thing added or one thing left out could be the difference between making a million dollars and losing it all. 2. There is no shortage of investors. The world has many of them. And you can be sure that some are extremely successful while others cry bitterly over their losses. 3. The reason why most investors fail is that they approach investing as though it were some lottery game. They are chance-takers. They have no plan. They stagger from one failed investment to another, taking stabs in the dark, and soon enough they lose all their money. 4. This book has been written to help you become an intelligent investor. An intelligent investor is not a chance-taker. An intelligent

You will learn all the basics of the stock market investment and how to optimize your investments and realize the largest possible profits. 6. An investor should not turn himself into a speculator, for a speculator acts on his instincts rather than his intellect when executing trades. 7. The stock market is neither a mythical place beyond human understanding, nor a place reserved for people with special genetics. The investors who have made a fortune out of stock market are average people like everyone else except they took their time to understand everything before trying to get in

the game. 8. There are many investments in the securities markets beyond stocks. You could invest in bonds and funds like mutual funds and index funds. 9. Investing in IPOs gives you a chance to own a slice of a company and in return, you play your part in providing the company with much-needed resources. 10. The best single thing an investor can do before taking up an investment deal is to conduct a fundamental analysis. 11. Fundamental analysis is the evaluation of a company's financial health with the intention of either solidifying your interest in the venture or finding out any red flag.
