As a small-business owner or solopreneur, you wear many hats-perhaps the most important of which is marketer. But these days, with so many new ways to reach customers and clients and only so much time in the day, it's hard to know where to start. Should you be using social media? Email? Blogs? Video? SEO? Small-business marketing doesn't have to be a mystery. It's just a series of simple decisions (and the action steps to implement those decisions) that will help you regain the clarity, confidence, and control you need to succeed. Do It! Marketing is a quick read and an encouraging kick in the pants that will reignite your marketing mojo. The underlying premise is that "only action creates results." Packed with do-this-now ideas to attract, engage, and win more customers and clients, this no-nonsense book reveals how to: Avoid blah, blah, blah marketing * Use magnetic marketing strategies that pull-not push-qualified decision-makers into your world * Get noticed * Position yourself as an expert * Become the obvious choice in your market * Do social media right * Zero in on your customers' pain/gain factors * Learn to speak their language * Get a steady stream of referrals * Identify and focus on high-payoff activities * Cultivate and leverage enthusiastic advocates * And more! Energetic, inspiring, and filled with concrete strategies, tactics, templates, and tools, Do It! Marketing shows you how to stop "marketing by accident" and start outsmarting, out-positioning, and out-executing the competition.

What Charles Darwin did for biology, Al and Laura Ries do for branding. In their exciting new book, The Origin of Brands, the Rieses take Darwin's revolutionary idea of evolution and apply it to the branding process. What results is a new and strikingly effective strategy for creating innovative products, building a successful brand, and, in turn, achieving business success. Here, the Rieses explain how changing conditions in the marketplace create endless opportunities to build new brands and accumulate riches. But these opportunities cannot be found where most people and most companies look. That is, in the convergence of existing categories like television and the computer, the cellphone and the Internet. Instead, opportunity lies in the opposite direction\u2014in divergence. By following Darwin's brilliant deduction that new species arise from divergence of an existing species, the Rieses outline an effective strategy for creating and taking to market an effective brand. In The Origin of Brands, you will learn how to: Divide and conquer Exploit divergence Use the theories of survival of the fittest and survival of the secondest Harness the power of pruning Using insightful studies of failed convergence products and engaging success stories of products that have achieved worldwide success through divergence, the Rieses have written the definitive book on branding. The Origin of Brands will show you in depth how to build a great brand and will lead you to success in the high-stakes world of branding.

What's the secret to a company's continued growth and prosperity? Internationally known marketing expert Al Ries has the answer: focus. His commonsense approach to business management is founded on the premise that long-lasting success depends on focusing on core products and eschewing the temptation to diversify into unrelated enterprises. Using real-world examples, Ries shows that in industry after industry, it is the companies that resist diversification, and focus instead on owning a category in consumers' minds, that dominate their markets. He offers solid guidance on how to get focused and how to stay focused, laying out a workable blueprint for any company's evolution that will increase market share and shareholder value while ensuring future success.
