Returning to his beloved wife from the battlefields of 1855 Crimea, engineer William May struggles to recover from his harrowing experiences by working on London's new sewer system, a job that is compromised by corruption, cholera outbreaks, and a murder accusation that strains his tenuous hold on sanity. A first novel. Reprint.

A saga of a British family and the Great War from "one

of those writers who can see into the past and help us feel its texture" (Hilary Mantel). Growing up at Ellinghurst, their crumbling family estate, all three Melville children dream of escape. Headstrong Jessica yearns for the glitter and glamour of London, while Phyllis longs to attend university. The adored Theo, meanwhile, eclipses everyone around him. But none of the children take much notice of Oskar Grunewald, their mother's science-obsessed godson, who seeks refuge in Ellinghurst's enormous library. Then the cataclysm of the Great War devastates the Melvilles' lives and

reshapes their futures, and Jessica and Phyllis must forge new paths in a world that no longer plays by the old rules. As Oskar is drawn reluctantly back into the Melville family fold, his life entwines with theirs in ways that will transform them forever. One of the Washington Post's Notable Fiction Books of 2015 and a New York Times Editor's Choice, *We That Are Left* is "[a] lavishly detailed historical novel that doesn't just recreate the past but alters your perception of it" (The New York Times Book Review).

A pregnant teenager

discovers her employer's sinister secrets in an eighteenth-century London that "feels alive and intense, magnificently raw" (The New York Times Book Review). 1666: The Great Fire of London sweeps through the streets and a heavily pregnant woman flees the flames. A few months later she gives birth to a child disfigured by a red birthmark. 1718: Sixteen-year-old Eliza Tally sees the gleaming dome of St. Paul's Cathedral rising above a rebuilt city. She arrives as an apothecary's maid, a position hastily arranged to shield the father of her unborn child

from scandal. But why is the apothecary so eager to welcome her when he already has a maid, a half-wit named Mary? Why is Eliza never allowed to look her veiled master in the face or go into the study where he pursues his experiments? It is only on her visits to the Huguenot bookseller who supplies her master's scientific tomes that she realizes the nature of his obsession. And she knows she has to act to save not just the child but Mary and herself. This ebook includes a sample chapter of Beautiful Lies.

story follows the experiences of Scottish aristocrat's wife Maribel Campbell, a self-proclaimed Chilean heiress who in late Victorian London finds her husband's career threatened by a notorious journalist's investigation into her true past.

Based on a true story, this gorgeous new novel follows the fortunes of three Berliners caught up in an art scandal--involving newly discovered van Goghs--that rocks Germany amidst the Nazis' rise to power. Hedonistic and politically turbulent, Berlin in the 1920s is a city of seedy

night clubs and sumptuous art galleries. It is home to millionaires and mobs storming bakeries for rationed bread. These disparate Berlins collide when Emmeline, a young art student; Julius, an art expert; and a mysterious dealer named Rachmann all find themselves caught up in the astonishing discovery of thirty-two previously unknown paintings by Vincent van Gogh. In *Full Light of the Sun* explores the trio's complex relationships and motivations, their hopes, their vanities, and their self-delusions--for the paintings are fakes and they are in their own ways

complicit. Theirs is a cautionary tale about of the aspirations of the new Germany and a generation determined to put the humiliations of the past behind them. With her signature impeccable and evocative historical detail, Clare Clark has written a gripping novel about beauty and justice, and the truth that may be found when our most treasured beliefs are revealed as illusions.

(Library Journal). Praised by Hilary Mantel, Amanda Foreman, and the New York Times Book Review for her “verve and intelligence . . . [and] the originality of her imagination,” Clare Clark has become a rising star in historical fiction. Elisabeth is among twenty-three girls who set sail from France for the new colony of Louisiana to be married to strangers. Although she has little hope for happiness in her new life, she finds herself passionately in love with her new husband, Jean-Claude, a charismatic and ruthlessly ambitious soldier. But betrayal is as

much a part of the new world as the old, and when Elisabeth finds herself deceived by her husband she also finds herself bound to a poor cabin boy in a way she never anticipated. Clark creates a world that is both incredibly real and incredibly dazzling. And with the same compelling prose and vividly realized characters that won her widespread acclaim for *The Great Stink* and *The Nature of Monsters*, she takes us deep into the heart of colonial French Louisiana. "It is well told and well paced, with an easy narrative flow. The story offers strong personalities

Victoria's Bathing Machine.  
It's the summer of 1858, and  
London's River Thames  
STINKS. What is creating  
this revolting smell? The  
answer is gross: the river  
is full of poop. But the  
smell isn't the worst  
problem. Every few years,  
cholera breaks out, and  
thousands of people die.  
Could there be a connection  
between the foul water and  
the deadly disease? One  
engineer dreams of making  
London a cleaner, healthier  
place. His name is Joseph  
Bazalgette. His grand plan  
to create a new sewer system  
to clean the river is an  
engineering marvel. And his  
sewers will save lives.

filled Thames River, the year is otherwise little remembered. And yet, historian Rosemary Ashton reveals in this compelling microhistory, 1858 was marked by significant, if unrecognized, turning points. For ordinary people, and also for the rich, famous, and powerful, the months from May to August turned out to be a summer of consequence. Ashton mines Victorian letters and gossip, diaries, court records, newspapers, and other contemporary sources to uncover historically crucial moments in the lives of three protagonists—Charles

Dickens, Charles Darwin, and Benjamin Disraeli. She also introduces others who gained renown in the headlines of the day, among them George Eliot, Karl Marx, William Thackeray, and Edward Bulwer Lytton. Ashton reveals invisible threads of connection among Londoners at every social level in 1858, bringing the celebrated city and its citizens vibrantly to life.

In Victorian London, filth was everywhere: horse traffic filled the streets with dung, household rubbish went uncollected, cesspools brimmed with "night soil," graveyards teemed with

rotting corpses, the air itself was choked with smoke. In this intimately visceral book, Lee Jackson guides us through the underbelly of the Victorian metropolis, introducing us to the men and women who struggled to stem a rising tide of pollution and dirt, and the forces that opposed them. Through thematic chapters, Jackson describes how Victorian reformers met with both triumph and disaster. Full of individual stories and overlooked details--from the dustmen who grew rich from recycling, to the peculiar history of the public toilet--this riveting book

gives us a fresh insight into the minutiae of daily life and the wider challenges posed by the unprecedented growth of the Victorian capital.

It started with a body, the head of it pretty much gone, the hands skinned. We found it the Saturday after Thanksgiving, out to Hungry Neck Hunt Club. Uncle Leland owns the Hunt Club, which might make him sound important, or rich. But he's not. Huger Dillard is no ordinary fifteen-year-old from the Lowcountry of South Carolina. He may not have a father to help him grow up, but day-to-day guiding of

his blind Uncle Leland--Unc, for short--and weekends spent at the Hunt Club have made him an expert on the habits of deer, the pompous attorneys and doctors of nearby Charleston, and the ways of the world. But with Unc's discovery of a mutilated body, Huger suddenly learns that he is expert at nothing--least of all his own life. Everything he knows and everyone he loves--Unc, his mother, his foundering teenage romance--is at risk, and Huger must use every ounce of resourcefulness and bravery to stay alive and protect what he believes in. Yet, when he finally

discovers precisely what happened that Saturday morning, there is still one more secret to uncover, this one too dark, too deep, for him to even imagine. From Bret Lott, the critically acclaimed author the Los Angeles Times called "one of the most im-portant and imaginative writers in America today," *The Hunt Club* is a novel of deft pacing and remark-able detail, and a sultry evocation of a land and culture that has existed for generations but soon may be lost forever.
