REVIEWS "I got Julian's book and it is wonderful! It is a great system for doing a reading and extremely practical. I applaud Julian and highly recommend this!" - Richard Osterlind "First palmistry, now general Forer-Barnum 101... this guy really amazes me." - Craig Browning "Julian has taken the Classic Reading - which isn't out of date, as some would suggest - and applied a James Bond theme to its LEARNING (not to the reading itself), to make the reading's customization so much easier. It's ingenious, simple, and thought-inspiring, all at the same time! Buy this now, and start using it right away!" - R. Lee Davis "I have tried many times to learn the stock lines of cold reading. I've tried memory techniques, linking, the peg system, and even with all that everything seemed a confusing, repetitive mess. Because of Julian's system, in two days, I have learned to give a cold reading forward, backward, inside out and in my own words. Just as with Julian's palmistry book saved me about five years of study, this book is just as good and also very interesting. If you're interested in cold reading at all this will be the best money you'll ever spend. As a side note his system could be applied to anything else you might want to memorize and make your own. I have never heard of his techniques before and I have studied a lot of memory techniques. It's so easy I will add this to my 'readings' repertoire." - Scott Martisse "So I'm finally watching the new Casino Royale and lines from the James Bond Reading keep popping unbidden into my head. What makes this interesting is I hadn't really intended on learning the reading via James Bond but via a character I know more about. I followed Julian's suggestions to practice readings aloud, even to inanimate objects. After a bit of this, I tried the real deal. This isn't something you can do mechanically, at least if you want to get maximum effect and responses. It is a matter of a give and take that is "entrancing" in its impact. I can't wait to see what more experience will bring. Thank you Julian, you really have made a significant contribution. Your ability to simplify and teach is exceptional. I generally rely on my knowledge as a psychologist to add a bit of reading but it wasn't anywhere as powerful as applying this system. Folks, don't just read JBR. Get out there and use it." - Dr Bill Cushman OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning: Graphology - The Art Of Handwriting Analysis Speed Learning: Cartomancy - A Playing Card Reading Primer Speed Learning: Palmistry - Palm Readings In Your Own Words Speed Learning: Numerology - Numbers Past And Present With The Lo-Shu Square Speed Learning: Star Signs

Official, original James Bond from a writer described by Len Deighton as a 'master storyteller'. James Bond is on a mission that will become an obsession. It starts the night Flight 229 is torn apart at Washington airport, killing 435 passengers. But the victim who matters to Bond is the Principessa Sukie Tempesta: once his lover, still his friend. The search for Sukie's killers will turn out to be the most complex and demanding assignment of Bond's career. Across continents and through ever-changing labyrinths of evil, he follows the traces of clues into the centre of a fanatical society more deadly than any terrorist army. Its code name is COLD.

"One of the best, most practical guides for learning this ancient divination technique that's ever hit the market. THIS BOOK IS A MUST!" - Craig Browning In his new book, 'Speed Learning ~ Palm Readings In Your Own Words', Julian Moore teaches the basics of palmistry using proven techniques which mean that you could be reading palms in less than 48 hours! This ebook and ten accompanying FLASH CARDS can get you up to speed quicker than you ever thought imaginable, while still creating your own style and being true to yourself without having to pretend that you're a great showman or anything other than yourself. 'Speed Learning ~ Palm Readings In Your Own Words' shows you how to give REAL readings that CONNECT with people. Most people who decide to learn palmistry are easily put off when they first pick up a palmistry book, there's so much information and more often than not, no clear description of even what ORDER to read the different elements of the hand in. This is not like those other books. It teaches you a step-by-step way of reading people's palms that's almost impossible to forget, and as it encourages you to create YOUR OWN way of describing what the lines and fingers mean, the speed of learning is greatly increased. You're not just learning 'parrot style', you're creating your OWN versions of how to talk about the meanings of the hand, which makes them entirely memorable! REVIEWS "No hype...just plain good! You can't go wrong if you just DO what Julian describes. I've always shied away from palmistry because I thought the system was too complicated. Julian has changed all that. And, the memory cues are an added bonus. It just can't get any easier." - Nicholas "After reading Julian's book, and going through the flash cards a couple of times, I have a practical knowledge of palm reading that I didn't have 48 hours ago. My progress is clear and tangible. Today, I was

able to improvise a palm reading session with one of my regular clients, and it went very well. I'm excited! That's why I'm writing this review, hoping that some of you also take advantage of this beautiful tool that Julian is sharing with us." - Enrique Enriquez - member of Kenton Knepper's S.E.C.R.E.T. school and co-author of the groundbreaking book 'Mind Reading' "A very useful tool for both learning and reviewing palmistry basics. For learning you have taken the concept of flash cards and made the cue cards much more of a memory exercise; thereby, challenging the mind to create rather than just repeat. For the pro you have given some interesting slants on certain traits that add further dimension and depth to a reading. The cards provide an excellent review tool for all practicing palmists as it allows them to review traits and characteristics that may not appear commonly in their practice." - Charles Green & Eugene Bourgal "An excellently laid out summation of the essence of palmistry, designed to teach you as you go along. I can certainly see how one can get this today and start giving mini-readings tomorrow night. Better yet, learn it all easily in a week and give real readings and be able to answer questions. This book actually teaches easily, speedily the essence of palmistry. Nice job. I'd recommend this to anyone starting out in the field. Well worth the money." - Tom Jorgenson OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning: Graphology - The Art Of Handwriting Analysis Speed Learning: Cartomancy - A Playing Card Reading Primer Speed Learning: The James Bond Cold Reading

More and more people every day are visiting psychics for advice, guidance and a peek into the future. The industry is a moneymaker, with TV talk shows, Internet astrologers and corner store psychics available for the seeker's pleasure. Mediums, sages and astrologers have enjoyed a long and well-documented history, and can even be found in The Bible, while modern psychics have turned their readings into fame, fortune and celebrity. But what can a psychic really do? This book will examine the ways that psychics run their show. Readers will come to understand the basics of the "cold read," which is the psychic's main tool for convincing customers to return

She is beautiful. She is Russian. And she is very, very dangerous. Once Xenia worked for the KGB. But her new master is Janus, a powerful and ambitious Russian leader who no longer cares about ideology. Janus's ambitions are money and power: his normal business methods include theft and murder. And he has just acquired GoldenEye, a piece of high-tech space technology with the power to destroy or corrupt the West's financial markets. But Janus has underestimated his most determined enemy: James Bond.

"Keep away from MR. AURIC GOLDFINGER. He is a most powerful man. If he wished to crush you, he would only have to roll over in his sleep to do so." OPERATION GRAND SLAM Secret agent James Bond had been warned not to tangle with Goldfinger. But the super-criminal's latest obsession was too strong, too dangerous. He had to be stopped. Goldfinger was determined to take possession of half the supply of mined gold in the world—to rob Fort Knox! For this incredible venture he had enlisted the aid of the top criminals in the U.S., including a bevy of beautiful thieves from the Bronx. And he had conceived so foolproof a plan that it would take all of Bond's unique talents to make it fail—as fail it must. JAMES BOND challenges GOLDFINGER, THE MOST EVIL GENIUS HE HAS EVER FACED. He's a phenomenal criminal who likes his women dressed only in gold paint. He's a magnificent fiend who carries his cash in gold bars. He's a powerful villain who plans to pull the biggest and boldest crime in history—the robbery of all the gold in Fort Knox. "It's all marvellously intricate and polished storytelling, all absurdly impossible, all superlative fun."—Cleveland News. "We recommend Goldfinger for just what it is: sophisticated, tongue-in-cheek entertainment par excellence."—Playboy Magazine. "If you like heroes heroic, a woman who proves, finally, that she's all woman, and a villain who is a dirty dog, then Goldfinger is for you."—Detroit Sunday Times.

"Get this book, learn the system, do cool readings." - David Numen "Julian's work is the best of the bunch in these genres. I have scoured book stores. I only learn from his books and ideas." - John Cesta My latest ebook which teaches the fundamentals of cartomancy is now ready for release. It's similar to my other books in that it's aimed at complete beginners as well as people who've started learning this particular reading discipline but then given up for one reason or another. Like my other books I use a no nonsense approach with lots of memory tips, insights, reviews and exercises over ninety pages to help you get up to speed as quickly as possible and the whole experience is extremely 'hands on'. In fact part of the process involves scribbling on the cards a lot to make sure the basics are implanted in your mind as you go. I'm really hoping that this new book gets some of you on the road to giving proper and interesting readings with cards instead of just thinking about it. There's a lot more information hidden in those fifty-two bits of paper than you probably realise! REVIEWS "I got this yesterday and have started the study and have to say it's quite brilliant. I've read cards of one form or another for 20 years after learning initially from the Joe Riding course but for various reasons I was looking for something to help me sharpen my skills - and this more than does the trick. For anyone who might feel that they'd rather this was on tarot I think it's worth pointing out that when I started doing readings many moons ago a number of clients would tell me of this mystical sounding old man who read from "ordinary cards." It was clear that the impression given to these women was that reading ordinary cards was somehow more skillful and impressive than tarot cards (I guess the pictures on the cards might make it obvious to some astute clients that there are highly visible cues on the cards). Playing card readings rock - and playing cards predate tarot and are thus, in my book, purer and more mysterious than tarot." - David Numen "I purchased this ebook. What a great system. Always in the easily understood clear writing format you'd expect from Julian. This is of a quality you would expect to find in a book store. I have in the past purchased Julian's James Bond Cold Reading book and his Palm Reading book. For me this is one of the best. I find I am more in tune with numbers than the others. I always have a deck of cards and certainly the places I frequent there are cards as well. The fact that you can use a few cards, a few more to create a simple or more complex reading is terrific. Make it as long or short as you'd like. Julian's audio book (available for free from his site) is also top notch! Lots of valuable audio files to use while driving or sitting in a Doctor's office. Certainly worth the asking price. If you have any of Julian's other offerings you know what I mean. If you don't have any of Julian's other offerings don't hesitate. His metaphors and memory links make sense and they work." - John Cesta OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning: Graphology - The Art Of Handwriting Analysis Speed Learning: The James Bond Cold Reading Coming Soon: Speed Learning: Palmistry - Palm Readings In Your Own Words

COLD READING GAMES - by Julian Moore ** WARNING: This book brings together, with a substantial amount of new relevant material and explanations, elements from my other readings books. ** Who This Book Is For This book is a social toolkit for guys who like girls, to give them the confidence to banish uncomfortable pauses and missed opportunities with members of the opposite sex forever Do you enjoy female company but sometimes find it difficult to strike up a conversation? Are you going on a date but you're a bit worried you'll run out of things to say? Or would you simply like to inject a little more fun into your social life? If you answered yes to any of these questions then this book could be for you. This book will teach you enough about Palmistry, Graphology and Numerology to get you into trouble. If you're looking for an in-depth guide to giving readings then you've most certainly come to the wrong place; unlike some of my other books this particular book is more about kickstarting conversations with an emphasis on 'talking the talk' in social situations. This may not be a reference work yet the source material is taken from my previous 'Speed Learning' series of books that cover each topic in more detail, so even though these pages are high in theory and low in fact, all the descriptions in this book adhere to the commonly accepted meanings for each topic. What is presented here is a light-hearted approach to the real-deal, simplified so you can concentrate on having fun instead of getting bogged down in the intricacies of each system. Think of these techniques like 'get out of jail free' cards; if you become trapped in an awkward social

situation you can try one out and, more often than not, become unstuck almost immediately. Why Write This Book? Over the years I've realised that many young (and not so young) men have bought my books, not because they'd like to be a palmist, graphologist, numerologist or even a reader of cards, but because they'd simply like to have a few skills that could help them out in social situations. This book addresses the need for an overview that brings these things together in a playful way for people that, initially at least, are more interested in creating conversations than becoming a reader of anything in particular. Knowing a little about these skills can be great fun, and in the right circumstances with the right people can help create a considerable amount of memorable moments, laughter, and even new friends. Keep it light, do it right, and with a bit of luck you'll never be stuck for words again. Learn to talk the talk and you'll be doing most of the listening. ****EXTRA CONTENT**** BONUS CHAPTER I - Star Signs BONUS CHAPTER II - The Classic Reading BONUS CHAPTER III - Cartomancy

The release of Skyfall in 2012 marked the fiftieth anniversary of the James Bond film franchise. It earned over one billion dollars in the worldwide box office and won two Academy Awards. Amid popular and critical acclaim, some have questioned the representation of women in the film. From an aging M to the limited role of the Bond Girl and the characterization of Miss Moneypenny as a defunct field agent, Skyfall develops the legacy of Bond at the expense of women. Since Casino Royale (2006) and its sequels Quantum of Solace (2008) and Skyfall constitute a reboot of the franchise, it is time to question whether there is a place for women in the new world of James Bond and what role they will play in the future of series. This volume answers these questions by examining the role that women have historically played in the franchise, which greatly contributed to the international success of the films. This academic study constitutes the first book-length anthology on femininity and feminism in the Bond series. It covers all twenty-three Eon productions as well as the spoof Casino Royale (1967), considering a range of factors that have shaped the depiction of women in the franchise, including female characterization in Ian Fleming's novels; the vision of producer Albert R. Broccoli and other creative personnel; the influence of feminism; and broader trends in British and American film and television. The volume provides a timely look at women in the Bond franchise and offers new scholarly perspectives on the subject.
