File Type PDF The President Is Missing

The President Is Missing] realistically depicts the selfless and often nameless people who work in government—and are willing to lose their lives—because they are compelled to serve their nation. It explores the thin line between loyalty and duty on one side and resentment and temptation on the other that can corrupt even the most honorable of public servants, and it shines a spotlight on the deep commitment of America's adversaries to tear us apart and weaken our standing in the world.

With Michael Rooker, Janet McTeer, Ann Dowd, Paul Adelstein. An American President stumbles upon a secret, world-threatening crisis.

The President Is Missing (TV Movie) - IMDb

'The President is Missing' is a novel about President Jonathan Lincoln Duncan, who's in a race against time to stop a cyberattack that would cripple the United States. It's tempting to compare fictional President Duncan with real President Clinton (who co-authored the book), and many reviewers have had fun pointing out that Duncan is an improved version of Clinton.

A one-night stand spirals into a web of dark secrets in James Patterson's steamy thriller of love, lust, and murder. Lauren Stillwell is not your average damsel in distress. When the NYPD cop discovers her husband leaving a hotel with another woman, she decides to beat him at his own game. But her revenge goes dangerously awry, and she finds her world spiraling into a hell that becomes more terrifying by the hour. In a further twist of fate, Lauren must take on a job that threatens everything she stands for. Now, she's paralyzed by a deadly secret that could tear her life apart. With her job and marriage on the line, Lauren's desire for retribution becomes a lethal inferno as she fights to save her livelihood-and her life. Patterson takes us on a twisting roller-coaster ride of thrills in his most gripping novel yet. This story of love, lust and dangerous secrets will have readers' hearts pounding to the very last page.

The question is, how can you tell the President's brain is missing? And are we sure we need it back? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

President Bill Clinton's *My Life* is the strikingly candid portrait of a global leader who decided early in life to devote his intellectual and political gifts, and his extraordinary capacity for hard work, to serving the public. It shows us the progress of a remarkable American, who, through his own enormous energies and efforts, made the unlikely journey from Hope, Arkansas, to the White House—a journey fueled by an impassioned interest in the political process which manifested itself at every stage of his life: in college, working as an intern for Senator William Fulbright; at Oxford, becoming part of the Vietnam War protest movement; at Yale Law School, campaigning on the grassroots level for Democratic candidates; back in Arkansas, running for Congress, attorney general, and governor. We see his career shaped by his resolute determination to improve the life of his fellow citizens, an unfaltering commitment to civil rights, and an exceptional understanding of the practicalities of political life. We come to understand the emotional pressures of his youth—born after his father's death; caught in the dysfunctional relationship between his feisty, nurturing mother and his abusive stepfather, whom he never ceased to love and whose name he took; drawn to the brilliant, compelling Hillary Rodham, whom he was determined to marry; passionately devoted, from her infancy, to their daughter, Chelsea, and to the entire experience of fatherhood; slowly and painfully beginning to comprehend how his early denial of pain led him at times into damaging patterns of behavior. President Clinton's book is also the fullest, most concretely detailed, most nuanced account of a presidency ever written—encompassing not only the high points and crises but the way the presidency actually works: the day-to-day bombardment of problems, personalities, conflicts, setbacks, achievements. It is a testament to the positive impact on America and on the world of his work and his ideals. It is the gripping account of a president under concerted and unrelenting assault orchestrated by his enemies on the Far Right, and how he survived and prevailed. It is a treasury of moments caught alive, among them: • The ten-year-old boy watching the national political conventions on his family's new (and first) television set. • The young candidate looking for votes in the Arkansas hills and the local seer who tells him, "Anybody who would campaign at a beer joint in Joiner at midnight on Saturday night deserves to carry one box. . . . You'll win here. But it'll be the only damn place you win in this county." (He was right on both counts.) • The roller-coaster ride of the 1992 campaign. • The extraordinarily frank exchanges with Newt Gingrich and Bob Dole. • The delicate manipulation needed to convince Rabin and Arafat to shake hands for the camera while keeping Arafat from kissing Rabin. • The cost, both public and private, of the scandal that threatened the presidency. Here is the life of a great national and international figure, revealed with all his talents and contradictions, told openly, directly, in his own completely recognizable voice. A unique book by a unique American.

In the new stand-alone thriller from the World's Bestselling author comes a Police detective by day, celebrity food truck chef by night, now Caleb Rooney has a new title: Most Wanted. In the Carnival days leading up Mardi Gras, Detective Caleb Rooney comes under investigation for a murder he is accused of committing in the line of duty--as a Major Crimes detective for the New Orleans Police Department. Has his sideline at the Killer Chef food truck given him a taste for murder? While fighting the charges against him, Rooney makes a pair of unthinkable discoveries. His beloved city is under threat of attack. And these would-be terrorists may be local. As crowds of revelers gather, Rooney follows a fearsome trail of clues, racing from outlying districts into city center. He has no idea what-or who-he'll face in defense of his beloved hometown, only that innocent lives are at stake.

Following an extraordinary cast of characters, American, British and Indian, and their loved ones on both sides of this violent conflict, Jimmy Carter brings to life the Revolutionary War as it was fought in the Deep South. At the heart of the story is Ethan Pratt, a farmer in Georgia

who is drawn into the war after not only his brother and his best friend are killed, but also his son. This powerful and moving personal tale forms the centre of a glorious novel that paints a vivid and resonant picture of desperate warfare, ever-shifting allegiances, the massacre of innocents, and increasing political dissent. With its moving love story, vivid action and the suspense of a war fought with increasing ferocity and stealth, *THE HORNET'S NEST* is historical fiction at its very best.

On a calm night in a nervous world, Air Force One jets off from Andrews Air Force Base. Aboard is the President of the United States, Jeremy Haines, an idolized leader whose image combines the best qualities of John Kennedy and Lyndon Johnson - but whose inner thoughts remain a dark secret even to his closest aides. The flight is normal - until the plane is high over Arizona. Then, suddenly, before a horrified controller's eyes the plane vanishes from the radar screen.

The White House is the home of the President of the United States, the most guarded, monitored, closely watched person in the world. So how could a U.S. president vanish without a trace? And why would he choose to do so? This collaboration between President Bill Clinton and James Patterson is full of what it truly feels like to be the person in the Oval Office: the mind-boggling pressure, the heartbreaking decisions, the exhilarating opportunities, the soul-wrenching power.

Learn why humans and penguins are similar and find the laughter in everyday life with this beautifully illustrated book from the world's #1 bestselling writer and his son. Penguins -- our cute, formally dressed, and flightless friends -- have always made us smile. As we shuffle through life one day at a time, it's easy to take things far too seriously, but when we see penguins taking a walk in our shoes it's impossible not to recognize how silly we can actually be. Featuring humorous illustrations and captions that show penguins navigating everything from a relaxing day at the beach to a stressful morning commute, *Penguins of America* is a hilarious and charming send-up of daily life.

"I wrote this book because I love my country and I'm concerned about our future," writes Bill Clinton. "As I often said when I first ran for President in 1992, America at its core is an idea—the idea that no matter who you are or where you're from, if you work hard and play by the rules, you'll have the freedom and opportunity to pursue your own dreams and leave your kids a country where they can chase theirs." In *Back to Work*, Clinton details how we can get out of the current economic crisis and lay a foundation for long-term prosperity. He offers specific recommendations on how we can put people back to work and create new businesses, increase bank lending and corporate investment, double our exports, and restore our manufacturing base. He supports President Obama's emphasis on green technology, saying that change in the way we produce and consume energy is the strategy most likely to spark a fast-growing economy and enhance our national security. Clinton also says that we need both a strong economy and a smart government working together to restore prosperity and progress. He demonstrates that whenever we've given in to the temptation to blame government for our problems, we've lost our commitment to shared prosperity, balanced growth, financial responsibility, and investment in the future. That has led our nation into trouble because there are some things we have to do together. For example, he says, "Our ability to compete in the twenty-first century is dependent on our willingness to invest in infrastructure: we need faster broadband, a state-of-the-art national electrical grid, modernized water and sewer systems, and the best airports, trains, roads, and bridges. "There is no evidence that we can succeed in the twenty-first century with an

antigovernment strategy,” writes Clinton, “with a philosophy grounded in ‘You’re on your own’ rather than ‘We’re all in this together.’” Clinton believes that conflict between government and the private sector has proved to be remarkably good politics, but it has produced bad policies, giving us a weak economy with few jobs, growing income inequality and poverty, and a decline in our competitive position. In the real world, cooperation works much better than conflict, and “we need victories in the real world.”
