In The Secret Language of Intimacy, shame and its consequences are foregrounded as a major, if not the major, impediment to the healthy functioning in the relationships of couples. In the first part of the book, Robert Lee presents the "Secret Language of Intimacy Workshop," developed and presented for the first time at the 1998 Annual Conference of the Association for the Advancement of Gestalt Therapy. Lee not only describes how the hidden forces of shame and belonging regulate couple dynamics, but also how the workshop itself has facilitated the acceptance of these forces and promoted therapeutic resolution, utilizing clinical vignettes. The second half of the book is comprised of internationally contributed essays from leading names in the Gestalt perspective, each adding to and redefining the role of shame and belonging in the theory and practice of Gestalt couples therapy. Their conclusions, however, are just as insightful for purveyors of other psychoanalytic and psychodynamic therapies as well.

Have you ever wondered what your cat is saying? Cats do not meow randomly, nor do they growl or hiss because they have nothing better to do. Cat sounds have a purpose, and they can carry important messages, whether for us or other cats. Susanne Sch ö tz is hard at work on breaking the cat code. She is a professor at Lund University in Sweden, where a long-standing research program is proving that cats do actually use vocal communication—with each other and with their human caretakers. Understanding the vocal strategies used in human-cat communication will have profound implications for how we communicate with our pets, and has the potential to improve the relationship between animals and humans within several fields, including animal therapy, veterinary medicine and animal sheltering. In The Secret Language of Cats, Sch ö tz offers a crash course in the phonetic study of cat sounds. She introduces us to the full range of feline vocalizations and explains what they can mean in different situations, and she gives practical tips to help us understand our cats better.
