Already hailed as "brave, emotional, and gorgeously written" by Frances Mayes and "like a piece of dark chocolate -- bittersweet, satisfying, and finished all too soon" by Laura Fraser, author of *An Italian Affair*, this is a unique memoir about the search for identity through love, hunger, and food. Jim Harrison says, "Trail of Crumbs reminds me of what heavily costumed and concealed waifs we all are. Kim Sunv©e tells us so much about the French that I never learned in 25 trips to Paris, but mostly about the terrors and pleasure of that infinite octopus, love. A fine book." Three days later a policeman took the little girl, clutching what was now only a fistful of crumbs, to a police station and told her that she'd been abandoned by her mother. Fast-forward almost 20 years and Kim's life is unrecognizable. Adopted by a young New Orleans couple, she spends her youth as one of only two Asian children in her entire community. At the age of 21, she becomes involved with a famous French businessman and suddenly finds herself living in France, mistress over his houses in Provence and Paris, and stepmother to his eight year-old daughter. While growing up in Versailles, an Indiana farm community, Linda Furiya tried to balance the outside world of Midwestern America with the Japanese traditions of her home life. As the only Asian family in a tiny township, Furiya's life revolved around Japanese food and the extraordinary lengths her

parents went to in order to gather the ingredients needed to prepare it. As immigrants, her parents approached the challenges of living in America, and maintaining their Japanese diets, with optimism and gusto. Furiva, meanwhile, was acutely aware of how food set her apart from her peers: She spent her first day of school hiding in the girls' restroom, examining her rice balls and chopsticks, and longing for a Peanut Butter and Jelly sandwich. Bento Box in the Heartland is an insightful and reflective coming-of-age tale. Beautifully written, each chapter is accompanied by a family recipe of mouth-watering Japanese comfort food.

the beauty of learning about yourself, the food you eat, the world around you, and the wonderful people at every stop. It's a poignant voyage through the smart writings and wonderful recipes of Kim Sunée." -- HUGH ACHESON, author of A New Turn in the South "Kim Sunée's food, life, and writing are the stuff of pure genius. When she cooks, I am hungry, craving not just her food but also the essence of her presence and the mindfulness with which she lives. She has taken recipes from near and far, and served them to us with doses of stylishness, honest ingredients, playful spices, and haunting flavors." -- SUVIR SARAN, Top Chef Master and author of American Masala and Indian Home Cooking "A Mouthful of Stars will immediately draw you into Kim's culinary journey through the stories she shares of cooks and how they

A Mouthful of Stars is a tasty and thoughtful combination of Zen and gourmet." -- SARA FOSTER, author of Sara Foster's Southern Kitchen and The Foster's Market Cookbook "Kim Sunée is one of the most compelling memoirists writing today, and on top of that, she is a gifted cook. I want to follow her everywhere she goes, reflect on every thought in this moving story, and make a meal of A Mouthful of Stars. I loved being immersed in the context of each recipe, and was impressed by how effortlessly Kim can transport dishes from near, far, and wide to her own kitchen and into ours." -- MARTHA ROSE SHULMAN, food columnist for the New York Times Bestselling author of Trail of Crumbs

and former food editor Kim Sunée offers up her first cookbook. *A Mouthful of Stars: A Constellation of Favorite Recipes from My World Travels* is a collection of Kim's interpretation of cherished recipes and cooking discoveries from across the globe. From Tuscan crostini di fevatini and Louisiana dirty rice to the flavors of her birth country, South Korea, and favorites from the ten years she spent eating and cooking in Provence and Paris, you'll find *A Mouthful of Stars* in the cookbook section. However, this book's breadth also extends to travel and food writing. The author's time in many lands and cooking in many kitchens has inspired this beautiful, unique, exotic, and delicious culinary journey. From the foreword by Frances Mayes: "Trail of Crumbs established Kim Sunée as an outstanding literary writer, not only about

life, but about food. . . . Now, after Kim's brilliant debut memoir, she serves forth *A Mouthful of Stars*. What an astonishing book. I zoomed through the pages with an increasing feeling of joy. *A Mouthful of Stars* is original. First, she brings to her recipes zest, energy, and a raucous spirit of fun. Second, she praises, philosophizes, and celebrates . . . She knows that life isn't worth living without friends who know how to eat the heart out of a taco. This sense infuses every bite. How could I help but dash to the kitchen to try Grilled Peaches Wrapped in Prosciutto, Pan-fried Peppers with Coconut and Tamarind, Roasted Cherries with Burrata, and Quick Pickled Fennel. I love her delicate balance of flavors and aromas. Is she alchemist, conjurer, poet, or cook? All of the above. Even the few classic recipes (roast turkey and

A citizen of the world, she's not tied to a particular terrain. This is the future. She's already where we're headed. And the food, paradiso!"

Essays by former editor of Gawker.com—and the new female voice of her generation. In *And the Heart Says Whatever*, Emily Gould tells the truth about becoming an adult in New York City in the first decade of the twenty-first century, alongside bartenders, bounty hunters, bloggers, bohemians, socialites, and bankers. These are essays about failing at pet parenthood, suspending lust during the long moment in which a dude selects the perfect soundtrack from his iTunes library, and leaving one life behind to begin a new one (but still taking the G train back to visit the old one sometimes). For everyone who has ever had a job she wishes she didn't, felt inchoate ambition sour into resentment, ended a relationship, regretted a decision, or told a secret to exactly the wrong person, these

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal

West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.
