The Third Edition of
ANSI/ACCA Manual D is the
Air Conditioning
Contractors of America
procedure for sizing

Download Ebook Trane Thermostat Manual

residential duct systems. This procedure uses Manual J (ANSI/ACCA, Eighth Edition) heating and cooling loads to determine space air delivery requirements. This procedure matches duct system resistance (pressure drop) to blower performance (as defined by manufacturer's blower performance tables). This assures that appropriate airflow is delivered to all rooms and spaces; and that system airflow is compatible with the operating range of primary equipment. The capabilities and sensitivities of this procedure are compatible with single-zone systems, and

Download Ebook Trane Thermostat Manual

multi-zone (air zoned) systems. The primary equipment can have a multi-speed blower (PSC motor), or a variable-speed blower (ECM or constant torque motor, or a true variable speed motor). Edition Three, Version 2.50 of Manual D (D3) specifically identifies normative requirements, and specifically identifies related informative material.

"The second edition of ACCA Manual S is the Air Conditioning Contractors of America procedure for selecting and sizing heating and cooling equipment for
